13TH YEAR. NO. 239.

EAST LIVERPOOL, O., SATURDAY, MARCH 19, 1898.

TWO CENTS

## A CONFLICT INEVITABLE SAYS MILES

He Don't See How Diplomacy Can  
Settle the Trouble With  
Us and Spain.

## OFFICIALS ARE IRRITABLE.

They Emphatically the New Naval Move  
Is a Concession.

## FEVERISH STATE OF AFFAIRS.

Authorities and Statesmen at Washington Anxiously Awaiting the Report of the Naval Board of the Inquiry on the Destruction of the Maine—Almost Certain to Establish the External Explosion Theory—The Administration Must Then Make a Move—Late Developments and the Official and Semi-Official Utterances From Washington and Madrid Almost Utterly Dissipate Hopes of Peace—Spain's Statement That She Will Never Pay Indemnity For the Loss of the Maine Considered a Significant Demonstration of Spanish Temper—The Exact Time of the Naval Court Report Not Known—The President Has Suggested That It Be Made as Soon as Possible—Likely to Arrive in Two or Three Days—Not Likely to Be Made Public Before Middle of Next Week.

WASHINGTON, March 19.—General Nelson A. Miles, commander of the United States army, in conversation with a friend, has made this statement:

"If diplomacy succeeds in reaching an acceptable and honorable settlement of our differences with Spain, if it will accomplish what now seems to me impossible. In my opinion there can be no settlement except through war. I regard war as inevitable."

Late developments accepting at face value the official and semi-official utterances of Washington and Madrid have again utterly dissipated hopes of peace, and brought the general public around to the same view as that held by General Miles.

If the Madrid government is correctly represented by the semi-official statement declaring that Spain will never pay indemnity for the loss of the Maine this is a demonstration that the Spanish temper is what has all along been believed here, and not what the administration in its desire to maintain peace has represented.

The intimation that the Spanish semi-official statement was put out for effect on the coming peninsular elections does not mend matters. If the Sagasta government can only retain power by adopting methods of this kind, it will not be strong enough to venture on changing its announced attitude when it has secured a renewal of its lease.

But even more antagonistic to peace prospects than the Spanish attitude are late utterances of members of the administration here. Statements coming from administration sources indicate great irritation at the reports that any concessions has been made by this government as a consequence of Spanish complaints or protests.

Secretary Long repeated with emphasis, almost with indignation, his declaration that the withdrawal of battleships from the vicinity of Key West was in no way connected with Spanish representations, but was done as the result of the adoption of a plan of defense for the cities on the North Atlantic coast. Other members of the administration declared with similar evidences of strong feeling that there had been no concessions to Spain on any point, and left it to be inferred that they regarded the situation as of the most extreme gravity.

Nevertheless, it is felt this move was soothing to Spain. Some believe that this government as well as that at Madrid may be indulging in stiff talk at home while it is continuing the game of diplomacy under cover.

But there must come a radical change in conditions when the report of the Maine court of inquiry is received and made public. That event will bring matters to a crisis and compel a show of hands, which will demonstrate the real facts of the situation beyond the possibility of diplomatic disguise. The prospect of the speedy arrival of that report is responsible for much of the feverish anxiety felt here.

The belief is unanimous that the report will demolish the theory that the

Maine was destroyed by an accident of internal origin. If this belief is proved correct the administration will have to reveal its policy to the country and the world.

An air of suspense is noticeable in the navy department due to the approach of the time for the delivery of the report of the court of inquiry. It is not known just when the document will come to Washington, and of course in view of the reports of the determination of outside parties to obtain possession of it before the department receives the report, the officials, if they know, will not say how the papers are to be brought to Washington. All that is known definitely is that the president has suggested that the report be made as soon as possible and in consequence it is expected to reach this city in the course of two or three days.

The cabinet talked over the matter and the time stated was the general opinion of the members when they had heard all that Secretary Long had to report on the subject. There is an impression that Lieutenant Commander Marix will bring the document, though it is within Admiral Sicard's power to choose any other officer.

A cabinet officer expressed the belief that the report will require careful consideration on the part of the president and his cabinet before being given to the public, which would seem to postpone publication to some time about the middle of next week, although nothing is certain on that point.

## CUBA WILL BE FREE.

Bismarck Expresses Sympathy For the Insurgents—Praises McKinley.

FRIEDRICHSMUE, March 19.—Prince Bismarck has given an audience to Editor Bockel of Chicago, who is here for the New York Journal. The prince's utterance on the Cuban question is without doubt the most important that has been made in Europe since war for the independence of the island began. These are his words.

"We Germans condemn war as impracticable. We sympathize with the grievances of the Cuban insurgents. I prophesy that Cuba will soon become an independent republic by diplomatic means.

"Spain's atrocities in Cuba, her misgovernment at home and her treatment of captives in Montjuich fortress are fresh in our recollection. Spain is today on the verge of bankruptcy. She cannot rely upon any support except possibly from France or Italy. When the German emperor spoke of the Cuban question recently he did not refer to a war between the United States and Spain, but to a settlement in money.

"President McKinley has shown superior statesmanship in calming public excitement. The exaltation of the American mind concerning Cuba is not quite understood in Europe, yet it is true that there are Spanish jingoes as well as Yankee jingoes."

## NAVAL PROGRAM LIKED.

Cabinet Gives Approval to the Order.  
Movement of Ships—War  
Preparations.

WASHINGTON, March 19.—The new naval policy embodied in the creation of another squadron to rendezvous at Hampton Roads has been discussed by the cabinet at length and received unanimous approval.

The San Francisco has reported her arrival from Lisbon at Gravesend. Under his orders, the commander will divide his crew with the Amazonas, conveying the new ship. Beyond the Amazonas, her sister ship Abouail and the Mayflower, no purchases of ships have been made by the navy department. A number of fleet steam yachts owned in the United States are being offered to the department and it is probable that some of these will be purchased. Secretary Long takes the view that failing to secure the torpedoboot destroyers he wants, the best plan is for him to equip some of these speedy boats with torpedo tubes and light batteries and improvise torpedoboots. The navy department is convinced that the Spanish government has not acquired possession of the Varos, the Italian armored cruiser. The department itself had the vessel in view, but abandoned the idea upon learning that she could not be made ready for service in less than three or four months.

The gunboat Newport reported her arrival by cable to the navy department from Greytown. She will bring back to the United States the Nicaragua canal commission and then will be attached at once to the North Atlantic squadron.

Some idea of the activity prevailing in naval circles is given by the statement that the payroll of the construction department, only one of several departments in the Mare Island navy yard, for March was \$80,000. This great yard, for March, it is said, was expending per month, it is said, was not equaled during the late war.

The amount paid for the Mayflower was about \$300,000.

Recruiting is going on apace at all stations, for the army and the navy. The Michigan, at Erie, Pa., has enlisted 55 men so far and good reports come

from all quarters. The Commodore and the Minneapolis are still 210 men each short of their proper force.

The Marblehead is at Tampa. The little Bancroft, on her way across the ocean, reported by cable her arrival at Horta, Fayal. The Helena is also coming. The Samoset has arrived at Key West, as did the Montgomery, while the Detroit sailed from this port for Tortugas. The Machius has arrived at Boston, where she will have slight repairs made.

## AMERICAN FLAG RAISED.

With Fitting Ceremonies the United States Takes Charge of the New Cruiser Amazonas.

GRAVESEND, Eng., March 19.—The cruiser Amazonas, built by the Armstrongs for Brazil and purchased by the United States, has been formally transferred from the Brazilian flag to the Stars and Stripes.

Lieutenant Commander Colwell, United States naval attaché, saluting the Brazilian commander, Corres, said: "Captain, I have here a contract of sale to which you were witness and whereby this vessel is to be transferred to me, in behalf of the United States."

Commander Corres replied, through an interpreter, saying:

"In handing over the ship I desire to say that it is done with the sincere friendship of Brazil."

Lieutenant Commander Colwell, saluting, replied: "In behalf of the United States I thank you for the sentiment."

In the center of a circle of officers of both nations, Lieutenant Commander Colwell then faced the Brazilian flag flying from the cruiser's stern, and, as the officials bared their heads, the flag of Brazil was hauled down, after which, facing about with their heads still uncovered, Old Glory was run up the main.

Lieutenant Commander Colwell and the Brazilian officers thereupon shook hands.

## AUSTRIA MAY AID DONS

Naval Officers Ominous Talk  
at a Banquet.

## AN ALLIANCE OPENLY PROMISED.

The Spanish Cruiser Vizcaya Is Going  
Within Striking Distance of Our Ports  
Along the Gulf—An Austrian Warship  
May Follow Her.

HAVANA, March 19.—The banquet at the palace of Captain General Blanco Wednesday night was fraught with deep significance, which has now developed. The Austrian cruiser Donau's officers were the guests of honor. Blanco himself proposed the toast to the Emperor Franz Josef and the Austrian army.

Then occurred the startling event of the evening. Captain Kelwig of the Donau, rose, proposed the health of the queen regent and of King Alfonso.

The Spaniards rose, glass in hand. Then the Austrian spoke these words:

"Austria can never forget Maximilian and his fate. As heretofore, Austria stands beside Spain."

The brilliantly lighted banquet room was a scene of wild tumult in an instant. There were cries of:

"To the memory of Maximilian; neither Austria nor Spain can forget his fate, and will stand together against those whose unjustified threats of intervention brought about his cruel and untimely fate."

The Vizcaya has left Havana harbor for Mexican ports, it is said.

It is reported that the Austrian cruiser Donau will follow the Vizcaya to Mexico to emphasize her commander's opinion expressed in the toast at the banquet.

Detroit, Mich., March 12, 1898.

Mr. Harry Palmer,

East Liverpool, Ohio.

Dear Sir: The Detroit, Mich., W. C. T. U., at a recent regular meeting, voted to send you a word of commendation, expressive of its appreciation of the stand you take in not permitting any liquor advertisements in your paper at any price.

We trust that, together with the approval of conscience in this very important matter, you may have the good will and co-operation of all right minded people, and that you will lose nothing through this good purpose.

Respectfully and Sincerely,

ANNIE ANDRUS,

Cor. Secretary.

Commander Corres invited them all into the cabin to drink to the ship.

The Amazonas will remain in charge of Ensign Roberts and Assistant Engineer McMorris until the United States cruiser San Francisco arrives here.

## NOT SO, SAYS WEYLER.

He Denies That He Wrote the Letter Regarding Mining Havana Harbor.

MADRID, March 19.—General Weyler denies the authenticity of the letter published in the New York Journal in which the former captain general of Cuba is alleged to have said that the United States would have not dared to send a warship to Havana while he was in command there, as "they knew the terrible punishment that awaited them," adding that he had Havana harbor "well prepared for such an emergency," having "rapidly finished the work that Martinez Campos carelessly abandoned."

## To Connect New York Defenses.

NEW YORK, March 19.—Further plans to make perfect the means of communication between the defenses of New York have been made. Within a day or two it is probable that a contract will be let for laying a large cable of the sized used in the ocean between all of the local fortifications.

## A Coal Fleet Wrecked.

PITTSBURG, March 19.—The rising in the Monongahela river caused a serious loss to the Pittsburgh coal firm of C. Jutte & Co., making the second heavy loss that firm has sustained this week. A fleet of 14 coalboats moored at Jutte's Apollo works was broken loose by the strong current, and before they could be caught and landed seven coalboats and a barge had sunk. The runaway fleet crashed into the fleet of John A. Wood & Son, sinking one boat owned by the latter firm. Jutte & Co.'s loss is estimated to be about \$12,000 and that of John A. Wood & Son, \$1,500.

## Company Store Law Case.

HARRISBURG, March 19.—Deputy Attorney General Reeder has issued a writ of quo warranto against the old Bangor Slate company on complaint of citizens of Bath, Northampton county, to revoke its charter for alleged violation of the company store act.

quiet. Those bombastic freaks seem to wish the stirring up of Diaz as well as Uncle Sam.

The Spanish colony in Mexico has wired Blanco offering to give a small merchant vessel to the national navy for use as a cruiser or armed coast guard.

An afternoon paper, voicing the predominant Spanish sentiment, intimates that the Vizcaya's departure for Vera Cruz may well cause the Yankee authorities anxiety on account of the almost helpless condition of their leading gulf ports, as in the event of hostilities the Spanish fleet could make Vera Cruz the base of important operation.

A coal broker here who holds a fuel contract with the Spanish navy is arranging to have several big cargoes dispatched from England direct to Mexican ports, to be held there subject to order.

Spain does not want the Vizcaya bottled up in this harbor, where she would be useless in the event of war being declared.

## MILITARY STRENGTH OF SPAIN.

70,000 Soldiers Dead or Incapacitated  
During the War in Cuba.

WASHINGTON, March 19.—Seventy thousand men is the number of Spanish soldiers who have been killed, wounded and otherwise incapacitated for duty during the recent war in Cuba. These figures have been received in this city recently from reliable sources and are said to be as nearly authentic as it is possible to obtain them without recourse to the records kept by the Spanish government. From the same source considerable other information bearing on the military strength of Spain and her dependencies is obtained. The present regular force of Spain in Cuba consists of 125,000 men. Of this number it is estimated that 80,000 of them are effective for military purposes. There are about 30,000 members in what is known as the volunteer army, corresponding to our state militia.

The strength of the Spanish army at home and including her nearby possessions is 100,000 men, which, in times of demand for additional soldiers may be increased as follows:

First reserve, 50,000; second reserve,

100,000 men, all of whom are instructed in military tactics, and a second reserve which is not instructed of 300,000 men, making in all a grand total of 610,000 men. Since these figures were received here recent drafts of 15,000 men to strengthen the army in Cuba leaves only 85,000 men of Spain's regular army now in the peninsula, the Balearic islands, the Spanish possessions in North Africa and the Canary islands.

In the Philippine islands Spain has an army of 32,000 men, which includes about 15,000 native troops, of very little use to the Spanish government.

In Porto Rico there are 5,000 Spanish troops, which, in the event of hostilities, could be supplemented by 4,000 volunteers.

## SPANISH OFFICIALS HERE.

Those to Negotiate a Tariff Agreement  
Have Reached Washington.

WASHINGTON, March 19.—A distinguished assemblage of officials, representing in their several capacities the Spanish government and the new insular government of Cuba, is here. They included the Spanish minister, who, in this instance, acts as the special plenipotentiary of Spain to negotiate commercial treaties; Senor Manuel Rafael Angulo, special delegate of the Cuban government; Senor Leonine Varela, secretary of the chamber of commerce of Havana, joint commissioner and Senor Cadrana of the Cuban finance division, joint commissioner. Primarily these officials have met to open the negotiations for commercial treaties between the United States, Spain and Cuba, but in view of the present condition of affairs it is not improbable that their connections with all the official branches of the Spanish and Cuban governments will permit their deliberations to take a wider range. They might aid a reconciliation with the insurgents.

Mr. Angulo said the Cuban people desired self-government. The delay in subduing the insurgents and the failure of that element to accept autonomy was due, Mr. Angulo said, to the passions engendered by General Weyler's policy. He said he felt satisfied that when the influence of the Weyler regime died out and normal conditions were restored, the people throughout the island would accept autonomy as the thing for which they have been striving many years.

As a member of the Radical autonomist party, Mr. Angulo said it was his deliberate opinion that the plan now offered by Spain was a complete system of local self-government, although like every human effort, it was subject to certain improvements in its administrative features, which he believed Spain would grant.

Mr. Angulo stated that he had no doubt that the Cuban problem would be solved without a conflict between the United States and Spain.

## REPORTS ON AUXILIARY CRUISERS.

The Naval Board Prepares Reports—Inspects More Ships.

NEW YORK, March 19.—The auxiliary cruiser board has spent some time preparing reports to be sent to Washington on second-class vessels already inspected. Lieutenant Commander Reeder of the schoolship St. Mary's and G. W. Danforth, passed assistant engineer, were present at the meeting.

It was learned that the City of Washington, which sailed Thursday, was inspected Wednesday by a member of the board.

The plans of the board have been somewhat changed by orders received from Washington. One of the orders is said to be a direction to inspect all obtainable vessels in the harbor for first-class cruisers.

Lieutenant Reeder and Passed Assistant Engineer Danforth have been added to the board, in compliance with a request made by Captain Rodgers, who found the work so heavy that the increased membership was necessary.

Later the board inspected the Ward line steamers Orizaba, Saratoga and Seneca and the schooners Carrie E. Lane and Flora Moran.

It was understood that the board was preparing favorable reports to send to Washington regarding the Ward line steamers.

The Orizaba is now being repaired by the Morgan Ironworks company, who are putting new steel plates on her.

## COAL OPERATORS SURPRISED.

Report of Rates May Cause Break In  
Interstate Agreement.

PITTSBURG, March 19.—Coal operators of the Pittsburg district were struck by surprise yesterday. They met at the Monongahela House to ratify the action of their committee that had agreed to the day and dead work scale at Columbus last week. The result of the meeting was a bitter argument that may break the interstate agreement.

They found that they were bound to pay 3 cents a ton more for machine mining than the Ohio operators are paying. This, with other different conditions, it is figured, increases rather than wipes out the differential of 9 cents that now exists. The differential under the Chicago agreement may be about 13 cents, all in favor of Ohio.

## Exchanged Boundary Dispute Documents.

WASHINGTON, March 19.—By arrangement, Sir Julian Pauncefote, for Great Britain, and Senor Anzore, for Venezuela, the cases relative to the boundary arbitration prepared by counsel on either side have been exchanged.

## A CONFLICT INEVITABLE SAYS MILES

He Don't See How Diplomacy Can Settle the Trouble With Us and Spain.

## OFFICIALS ARE IRRITABLE.

They Emphatically the New Naval Move Is a Concession.

## FEVERISH STATE OF AFFAIRS.

Authorities and Statesmen at Washington Anxiously Awaiting the Report of the Naval Board of the Inquiry on the Destruction of the Maine—Almost Certain to Establish the External Explosion Theory—The Administration Must Then Make a Move—Late Developments and the Official and Semi-Official Utterances From Washington and Madrid Almost Utterly Dissipate Hopes of Peace—Spain's Statement That She Will Never Pay Indemnity For the Loss of the Maine Considered a Significant Demonstration of Spanish Temper—The Exact Time of the Naval Court Report Not Known—The President Has Suggested That It Be Made as Soon as Possible—Likely to Arrive in Two or Three Days—Not Likely to Be Made Public Before Middle of Next Week.

WASHINGTON, March 19.—General Nelson A. Miles, commander of the United States army, in conversation with a friend, has made this statement:

"If diplomacy succeeds in reaching an acceptable and honorable settlement of our differences with Spain, it will accomplish what now seems to me impossible. In my opinion there can be no settlement except through war. I regard war as inevitable."

Late developments accepting at face value the official and semi-official utterances of Washington and Madrid have again utterly dissipated hopes of peace, and brought the general public around to the same view as that held by General Miles.

If the Madrid government is correctly represented by the semi-official statement declaring that Spain will never pay indemnity for the loss of the Maine this is a demonstration that the Spanish temper is what has all along been believed here, and not what the administration in its desire to maintain peace has represented.

The intimation that the Spanish semi-official statement was put out for effect on the coming peninsular elections does not mend matters. If the Sagasta government can only retain power by adopting methods of this kind, it will not be strong enough to venture on changing its announced attitude when it has secured a renewal of its lease.

But even more antagonistic to peace prospects than the Spanish attitude are late utterances of members of the administration here. Statements coming from administration sources indicate great irritation at the reports that any concessions has been made by this government as a consequence of Spanish complaints or protests.

Secretary Long repeated with emphasis, almost with indignation, his declaration that the withdrawal of battleships from the vicinity of Key West was in no way connected with Spanish representations, but was done as the result of the adoption of a plan of defense for the cities on the North Atlantic coast. Other members of the administration declared with similar evidences of strong feeling that there had been no concessions to Spain on any point, and left it to be inferred that they regarded the situation as of the most extreme gravity.

Nevertheless, it is felt this move was soothing to Spain. Some believe that this government as well as that at Madrid may be indulging in stiff talk at home while it is continuing the game of diplomacy under cover.

But there must come a radical change in conditions when the report of the Maine court of inquiry is received and made public. That event will bring matters to a crisis and compel a show of hands, which will demonstrate the real facts of the situation beyond the possibility of diplomatic disguise. The prospect of the speedy arrival of that report is responsible for much of the feverish anxiety felt here.

The belief is unanimous that the report will demolish the theory that the

Maine was destroyed by an accident of internal origin. If this belief is proved correct the administration will have to reveal its policy to the country and the world.

An air of suspense is noticeable in the navy department due to the approach of the time for the delivery of the report of the court of inquiry. It is not known just when the document will come to Washington, and of course in view of the reports of the determination of outside parties to obtain possession of it before the department receives the report, the officials, if they know, will not say how the papers are to be brought to Washington. All that is known definitely is that the president has suggested that the report be made as soon as possible and in consequence it is expected to reach this city in the course of two or three days.

The cabinet talked over the matter and the time stated was the general opinion of the members when they had heard all that Secretary Long had to report on the subject. There is an impression that Lieutenant Commander Marx will bring the document, though it is within Admiral Sicard's power to choose any other officer.

A cabinet officer expressed the belief that the report will require careful consideration on the part of the president and his cabinet before being given to the public, which would seem to postpone publication to some time about the middle of next week, although nothing is certain on that point.

## CUBA WILL BE FREE.

Bismarck Expresses Sympathy For the Insurgents—Praises McKinley.

FRIEDRICHSDORF, March 19.—Prince Bismarck has given an audience to Editor Bockel of Chicago, who is here for the New York Journal. The prince's utterance on the Cuban question is without doubt the most important that has been made in Europe since war for the independence of the island began. These are his words.

"We Germans condemn war as impracticable. We sympathize with the grievances of the Cuban insurgents. I prophesy that Cuba will soon become an independent republic by diplomatic means."

"Spain's atrocities in Cuba, her misgovernment at home and her treatment of captives in Montjuich fortress are fresh in our recollection. Spain is today on the verge of bankruptcy. She cannot rely upon any support except possibly from France or Italy. When the German emperor spoke of the Cuban question recently he did not refer to a war between the United States and Spain, but to a settlement in money."

"President McKinley has shown superior statesmanship in calming public excitement. The exaltation of the American mind concerning Cuba is not quite understood in Europe, yet it is true that there are Spanish jingoes as well as Yankee jingoes."

## NAVAL PROGRAM LIKED.

Cabinet Gives Approval to the Order. Movement of Ships—War Preparations.

WASHINGTON, March 19.—The new naval policy embodied in the creation of another squadron to rendezvous at Hampton Roads has been discussed by the cabinet at length and received unanimous approval.

The San Francisco has reported her arrival from Lisbon at Gravesend. Under his orders, the commander will divide his crew with the Amazonas, conveying the new ship. Beyond the Amazonas, her sister ship Aboull and the Mayflower, no purchases of ships have been made by the navy department. A number of fleet steam yachts owned in the United States are being offered to the department and it is probable that some of these will be purchased. Secretary Long takes the view that failing to secure the torpedoblast destroyers he wants, the best plan is for him to equip some of these speedy boats with torpedo tubes and light batteries and improvise torpedoblasts. The navy department is convinced that the Spanish government has not acquired the Varoso, the Italian armored cruiser. The department itself had the vessel in view, but abandoned the idea upon learning that she could not be made ready for service in less than three or four months.

The gunboat Newport reported her arrival by cable to the navy department from Greytown. She will bring back to the United States the Nicaragua canal commission and then will be attached at once to the North Atlantic squadron.

Some idea of the activity prevailing in naval circles is given by the statement that the payroll of the construction department, only one of several departments in the Mare Island navy yard, for March was \$80,000. This great yard, for March was \$80,000. This great expenditure per month, it is said, was expended during the late war.

The amount paid for the Mayflower was about \$300,000.

Recruiting is going on apace at all stations, for the army and the navy. The Michigan, at Erie, Pa., has enlisted 55 men so far and good reports come

from all quarters. The Columbia and the Minneapolis are still 210 men each short of their proper force.

The Marblehead is at Tampa. The little Bancroft, on her way across the ocean, reported by cable her arrival at Horta, Fayal. The Helena is also coming. The Samoset has arrived at Key West, as did the Montgomery, while the Detroit sailed from this port for Tortugas. The Machias has arrived at Boston, where she will have slight repairs made.

## AMERICAN FLAG RAISED.

With Fitting Ceremonies the United States Takes Charge of the New Cruiser Amazonas.

GRAVESEND, Eng., March 19.—The cruiser Amazonas, built by the Armstrongs for Brazil and purchased by the United States, has been formally transferred from the Brazilian flag to the Stars and Stripes.

Lieutenant Commander Colwell, United States naval attaché, saluting the Brazilian commander, Corres, said:

"Captain, I have here a contract of sale to which you were witness and whereby this vessel is to be transferred to me, in behalf of the United States."

Commander Corres replied, through an interpreter, saying:

"In handing over the ship I desire to say that it is done with the sincere friendship of Brazil."

Lieutenant Commander Colwell, saluting, replied: "In behalf of the United States I thank you for the sentiment."

In the center of a circle of officers of both nations, Lieutenant Commander Colwell then faced the Brazilian flag flying from the cruiser's stern, and, as the officials bared their heads, the flag of Brazil was hauled down, after which, facing about with their heads still uncovered, Old Glory was run up the main.

Lieutenant Commander Colwell and the Brazilian officers thereupon shook hands.

## AUSTRIA MAY AID DONS

Naval Officers Ominous Talk at a Banquet.

## AN ALLIANCE OPENLY PROMISED.

The Spanish Cruiser Vizcaya Is Going Within Striking Distance of Our Ports Along the Gulf—An Austrian Warship May Follow Her.

HAVANA, March 19.—The banquet at the palace of Captain General Blanco Wednesday night was fraught with deep significance, which has now developed. The Austrian cruiser Donau's officers were the guests of honor. Blanco himself proposed the toast to the Emperor Franz Josef and the Austrian army.

Then occurred the startling event of the evening. Captain Kelwig of the Donau, rose, proposed the health of the queen regent and of King Alfonso.

The Spaniards rose, glass in hand. Then the Austrian spoke these words:

"Austria can never forget Maximilian and his fate. As heretofore, Austria stands beside Spain."

The brilliantly lighted banquet room was a scene of wild tumult in an instant. There were cries of:

"To the memory of Maximilian; neither Austria nor Spain can forget his fate, and will stand together against those whose unjustified threats of intervention brought about his cruel and untimely fate."

The Vizcaya has left Havana harbor for Mexican ports, it is said.

It is reported that the Austrian cruiser Donau will follow the Vizcaya to Mexico to emphasize her commander's opinion expressed in the toast at the banquet.

Detroit, Mich., March 12, 1898.

Mr. Harry Palmer,  
East Liverpool, Ohio.

Dear Sir: The Detroit, Mich., W. C. T. U., at a recent regular meeting, voted to send you a word of commendation, expressive of its appreciation of the stand you take in not permitting any liquor advertisements in your paper at any price.

We trust that, together with the approval of conscience in this very important matter, you may have the good will and co-operation of all right minded people, and that you will lose nothing through this good purpose.

Respectfully and Sincerely,

ANNIE ANDRUS,  
Cor. Secretary.

Commander Corres invited them all into the cabin to drink to the ship. The Amazonas will remain in charge of Ensign Roberts and Assistant Engineer McMorris until the United States cruiser San Francisco arrives here.

## NOT SO, SAYS WEYLER.

He Denies That He Wrote the Letter Regarding Mining Havana Harbor.

MADRID, March 19.—General Weyler denies the authenticity of the letter published in the New York Journal in which the former captain general of Cuba is alleged to have said that the United States would have not dared to send a warship to Havana while he was in command there, as "they knew the terrible punishment that awaited them," adding that he had Havana harbor "well prepared for such an emergency," having "rapidly finished the work that Martinez Campos carelessly abandoned."

## To Connect New York Defenses.

NEW YORK, March 19.—Further plans to make perfect the means of communication between the defenses of New York have been made. Within a day or two it is probable that a contract will be let for laying a large cable of the sized used in the ocean between all of the local fortifications.

## A Coal Fleet Wrecked.

PITTSBURG, March 19.—The rising in the Monongahela river caused a serious loss to the Pittsburgh coal firm of C. Jutte & Co., making the second heavy loss that firm has sustained this week. A fleet of 14 coalboats moored at Jutte's Apollo works was broken loose by the strong current, and before they could be caught and landed seven coalboats and a barge had sunk. The runaway fleet crashed into the fleet of John A. Wood & Son, sinking one boat owned by the latter firm. Jutte & Co.'s loss is estimated to be about \$12,000 and that of John A. Wood & Son, \$1,500.

## Company Store Law Case.

HARRISBURG, March 19.—Deputy Attorney General Reeder has issued a writ of quo warranto against the old Bangor Slate company on complaint of citizens of Bath, Northampton county, to revoke its charter for alleged violation of the company store act.

quet. Those bombastic freaks seem to wish the stirring up of Diaz as well as Uncle Sam.

The Spanish colony in Mexico has wired Blanco offering to give a small merchant vessel to the national navy for use as a cruiser or armed coast guard.

An afternoon paper, voicing the predominant Spanish sentiment, intimates that the Vizcaya's departure for Vera Cruz may well cause the Yankee authorities anxiety on account of the almost helpless condition of their leading gulf ports, as in the event of hostilities the Spanish fleet could make Vera Cruz the base of important operation.

A coal broker here who holds a fuel contract with the Spanish navy is arranging to have several big cargoes dispatched from England direct to Mexican ports, to be held there subject to order.

Spain does not want the Vizcaya bottled up in this harbor, where she would be useless in the event of war being declared.

## MILITARY STRENGTH OF SPAIN.

70,000 Soldiers Dead or Incapacitated During the War in Cuba.

WASHINGTON, March 19.—Seventy thousand men is the number of Spanish soldiers who have been killed, wounded and otherwise incapacitated for duty during the recent war in Cuba. These figures have been received in this city recently from reliable sources and are said to be as nearly authentic as it is possible to obtain them without recourse to the records kept by the Spanish government. From the same source considerable other information bearing on the military strength of Spain and her dependencies is obtained. The present regular force of Spain in Cuba consists of 125,000 men. Of this number it is estimated that 80,000 of them are effective for military purposes. There are about 30,000 members in what is known as the volunteer army, corresponding to our state militia.

The strength of the Spanish army at home and including her nearby possessions is 100,000 men, which, in times of demand for additional soldiers may be increased as follows:

First reserve, 50,000; second reserve,

100,000 men, all of whom are instructed in military tactics, and a second reserve which is not instructed of 300,000 men, making in all a grand total of 610,000 men. Since these figures were received here recent drafts of 15,000 men to strengthen the army in Cuba leaves only 85,000 men of Spain's regular army now in the peninsula, the Balearic islands, the Spanish possessions in North Africa and the Canary islands.

In the Philippine islands Spain has an army of 32,000 men, which includes about 15,000 native troops, of very little use to the Spanish government.

In Porto Rico there are 5,000 Spanish troops, which, in the event of hostilities, could be supplemented by 4,000 volunteers.

## SPANISH OFFICIALS HERE.

Those to Negotiate a Tariff Agreement Have Reached Washington.

WASHINGTON, March 19.—A distinguished assemblage of officials, representing in their several capacities the Spanish government and the new insular government of Cuba, is here. They included the Spanish minister, who, in this instance, acts as the special plenipotentiary of Spain to negotiate commercial treaties; Senor Manuel Rafael Angulo, special delegate of the Cuban government; Senor Leonine Varela, secretary of the chamber of commerce of Havana, joint commissioner and Senor Cadranza of the Cuban finance division, joint commissioner. Primarily these officials have met to open the negotiations for commercial treaties between the United States, Spain and Cuba, but in view of the present condition of affairs it is not improbable that their connections with all the official branches of the Spanish and Cuban governments will permit their deliberations to take a wider range. They might aid a reconciliation with the insurgents.

Mr. Angulo said the Cuban people desired self-government. The delay in subduing the insurgents and the failure of that element to accept autonomy was due, Mr. Angulo said, to the passions engendered by General Weyler's policy. He said he felt satisfied that when the influence of the Weyler regime died out and normal conditions were restored, the people throughout the island would accept autonomy as the thing for which they have been striving many years.

As a member of the Radical autonomist party, Mr. Angulo said it was his deliberate opinion that the plan now offered by Spain was a complete system of local self-government, although like every human effort, it was subject to certain improvements in its administrative features, which he believed Spain would grant.

Mr. Angulo stated that he had no doubt that the Cuban problem would be solved without a conflict between the United States and Spain.

## REPORTS ON AUXILIARY CRUISERS.

The Naval Board Prepares Reports—Inspects More Ships.

NEW YORK, March 19.—The auxiliary cruiser board has spent some time preparing reports to be sent to Washington on second-class vessels already inspected. Lieutenant Commander Reeder of the schoolship St. Mary's and G. W. Danforth, passed assistant engineer, were present at the meeting.

It was learned that the City of Washington, which sailed Thursday, was inspected Wednesday by a member of the board.

The plans of the board have been somewhat changed by orders received from Washington. One of the orders is said to be a direction to inspect all obtainable vessels in the harbor for first-class cruisers.

Lieutenant Reeder and Passed Assistant Engineer Danforth have been added to the board, in compliance with a request made by Captain Rodgers, who found the work so heavy that the increased membership was necessary.

Later the board inspected the Ward line steamers Orizaba, Saratoga and Seneca and the schooners Carrie E. Lane and Flora Moran.

It was understood that the board was preparing favorable reports to send to Washington regarding the Ward line steamers.

The Orizaba is now being repaired by the Morgan Ironworks company, who are putting new steel plates on her.

## COAL OPERATORS SURPRISED.

Report of Rates May Cause Break in Interstate Agreement.

PITTSBURG, March 19.—Coal operators of the Pittsburgh district were struck by surprise yesterday. They met at the Monongahela House to ratify the action of their committee that had agreed to the day and dead work scale at Columbus last week. The result of the meeting was a bitter argument that may break the interstate agreement.

They found that they were bound to pay 3 cents a ton more for machine mining than the Ohio operators are paying. This, with other different conditions, it is figured, increases rather than wipes out the differential of 9 cents that now exists. The differential under the Chicago agreement may be about 12 cents, all in favor of Ohio.

## Exchanged Boundary Dispute Documents.

WASHINGTON, March 19.—By arrangement, Sir Julian Pauncefote, for Great Britain, and Senor Andrade, for Venezuela, the cases relative to the boundary arbitration prepared by counsel on either side have been exchanged.

## ONLY PAID THE BILLS

Board of Education Had Very Little Business.

### MR. RAYMAN REPORTED PROGRESS

In Arranging the Courses of Study Provided for a Short Time Ago—It Was a Very Quiet Meeting Without Cause for Discussion From Any Quarter.

The board of education met in regular session in the Central building last night, with all members except Mr. McClain and Mr. McGraw present.

The minutes of the last meeting were approved and Professor Rayman reported progress in the arranging of the course of study. The following bills were ordered paid:

Ginn & Co. \$14.92, W. & W. pharmacy \$30, Diamond Hardware company \$22.79, Harry Burgess \$30, W. G. Johnson & Co. \$54, McMillan & Co. \$1.56, Eagle Hardware company, \$6.08 Arbuthnot Bros. \$4.55, Adams Express company \$40, R. E. Rayman \$324.70, Specialty Glass company, \$2.33, Washington Oil company \$5.75, T. Nagle \$1.80, W. H. Frazier \$131.06, insurance \$120, oil \$30. The meeting lasted 10 minutes.

### GO TO THE GRAND

And See "McFadden's Row of Flats" Tonight.

"McFadden's Row of Flats," the new farce comedy to be seen in this city tonight, is not pretentious in its claims for patronage. It is modestly stated that it was simply written, composed and put together for the purpose of agreeably entertaining the public. However, those who ought to know what they are talking about, say that it might claim to be the novelty of the season so excellent are its specialties and the talent which involves them.

The Straube Piano.  
Smith & Phillips.

### THEY ARE AFTER BURKE.

He Would Ruin the Business of Installment Agent.

The installment agents of the city are much incensed at Senator Burke, who has introduced a bill into the senate prohibiting them from giving premiums with their wares. As they depend almost entirely on this for trade, they can see ruin before them if the bill is passed.

It is probable that a protest, signed by all the agents in town, will be sent to Columbus.

### 1897 Patterns.

Every home may be made attractive. All our 1897 patterns at half-price. 6c patterns for 3c. 10c patterns for 5c. 15c patterns for 7c. 20c patterns for 10c. Come now. Will not last long.

W. A. HILL'S,  
5 and 10.

### Mr. Norris in Salineville.

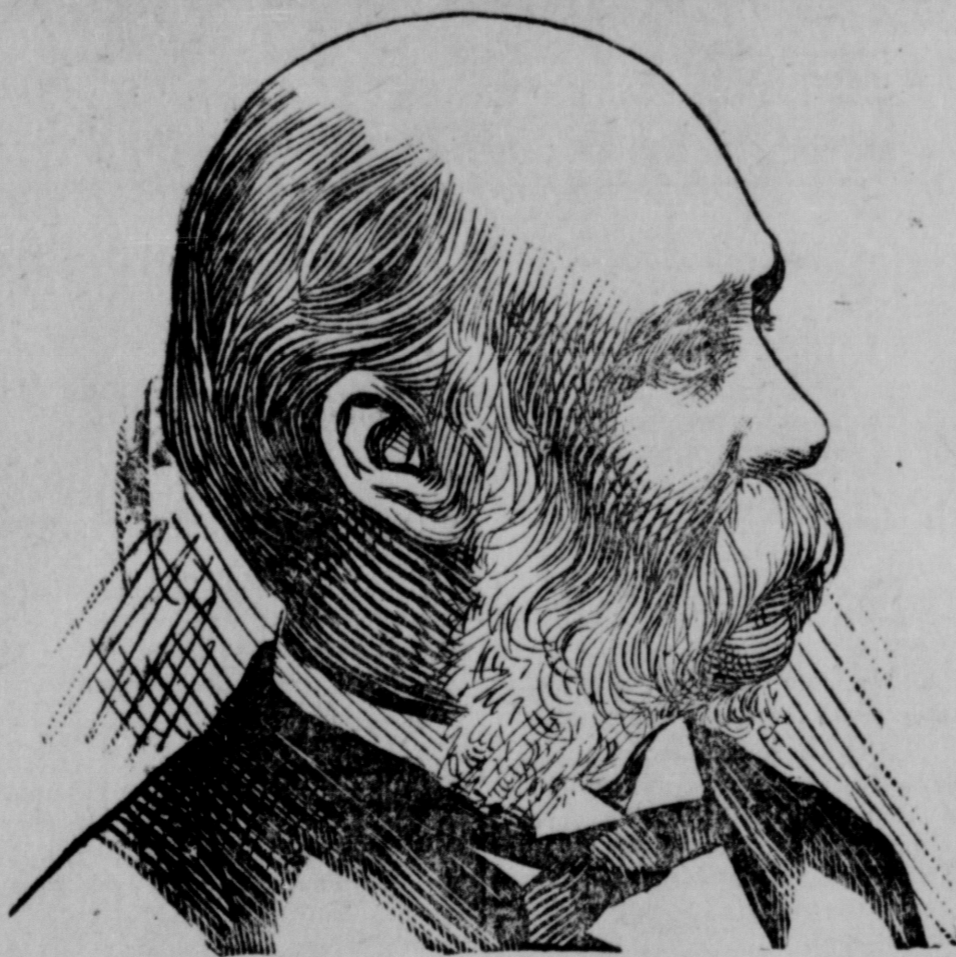

Rev. J. H. Norris, of Pittsburgh, will begin a series of holiness meetings in Salineville next Monday evening at the opera house. It is probable that a number of his friends from this city will attend.

The Straube Piano.  
Smith & Phillips.

### Wall Paper.

Thousands of bolts at 2½, 3, 4 and 5c. W. A. HILL'S  
5 and 10.

The News Review for news.

MINISTER STEWART L. WOODFORD.

Uncle Sam's minister to Spain was born on the Bowery, New York city, in 1855. He was educated at Columbia and Yale, was admitted to the bar in 1857 and became a famous Brooklyn lawyer and politician. During the war he was promoted to a colonelcy for gallantry on the field.

### SETTLEMENT OF ESTATES.

A Bill Effecting Them Passed in the House—The Legislature.

COLUMBUS, March 19.—Mr. Reynolds' bill has passed in the house, providing that estates can be settled within two instead of four years.

These bills were introduced in the house:

Mr. Payne, providing for the establishment of public schools for the deaf. Mr. Redkey, providing for a commission to locate the position of Ohio troops at the battle of Shiloh.

Mr. Haiden, giving township trustees authority to determine what kind of floodgates shall be erected on line fences.

Mr. Manuel, creating additional bake-shop inspectors.

Mr. Dutton, providing that one cemetery trustee cannot act for the whole board without authority.

On motion of Mr. Griffith the vote which defeated the Bramley contract labor bill in the house was reconsidered and the bill was placed on the calendar as a special order for Tuesday at 11 a. m.

These bills were introduced in the senate:

Senator Finck, prohibiting the use of junk or refuse bottles.

Senator Decker, making it explicit in the ballot law that curtains must be hung before the booths to screen the voters while marking their ballots from observation.

Senator Wolcott, providing that when constitutional amendments and other propositions are to be submitted to the voters the propositions shall be added at the bottom of the Australian ballot and not put on separate tickets.

Senator Burke, providing that 10 percent of a man's wages shall not be exempt from attachment in suits brought to recover debts for necessities of life.

Senator Plummer, to relieve courts of congested dockets.

Mr. Cromley's ditch law, allowing any property owner, by giving a bond, to get permit for construction of a county ditch, and to regulate the tiling of the same, passed the senate.

### SECRETARY GAGE A GUEST.

He Made a Speech Before Cleveland Chamber of Commerce.

CLEVELAND, March 19.—Secretary of the Treasury Gage delivered an address last evening before the chamber of commerce upon financial question. This was in acceptance of an invitation given him several weeks ago. The secretary was met by the officers of the chamber upon his arrival in the city and escorted to the Hollenden.

At 6 o'clock they had dinner together and then proceeded to the chamber, which was densely crowded with the leading business men of the city. No one but members were admitted. After the address the secretary was entertained at the Union club.

### Jackson Is Satisfied.

YOUNGSTOWN, O., March 19.—Prosecuting Attorney Jackson said that he was satisfied from the investigation made that there was no ground to suspect the husband or any one else of causing the death of Mrs. Chester Harmon, that so far as he was concerned he would not disturb the verdict of the coroner and that it was a case of suicide, unless relations of the deceased or some responsible party filed an affidavit making a direct charge.

### Supplies For the Cubans.

CINCINNATI, March 19.—Twelve tons of supplies for the reconcentrados in Cuba have been started south by rail from Cincinnati. They consist of food, clothing and medicines and are the result of voluntary contributions from this city.

### A Professor Resigns.

AKRON, March 19.—Prof. James O. Wise, supervisor of drawing and penmanship in the public schools, against whom a sensational suit for divorce was filed by his 17-year-old wife on Tuesday, has resigned.

### Majority For Jap Government.

YOKOHAMA, March 19.—The election returns show a small majority for the government.

## LEFT ON THE TRAIL.

THOUSANDS OF DAWSON LETTERS SAID TO HAVE BEEN ABANDONED.

Andy Christiansen Says They Are Torn Up or Burned—Carriers Agree to Bring the Letters Out, but Are Frequently Compelled to Give It Up.

For the greater part of the distance along the trails by river and lake and mountain pass from Dawson City almost to Sheep Camp the course of many a weary footed caravan is marked by bits of paper which have come from letters that have been torn to pieces. So says Andy Christiansen and some of his fellow travelers of Albina, Or. Christiansen and a few friends came out a short time ago. Christiansen makes the positive assertion that thousands of letters from people on the Yukon never reach their destination. To receive a letter from Dawson City, they say, may be accepted as a piece of good luck.

"There are lots of places on the trail," said Christiansen the other evening, "where you find quite a pile of paper in shreds. An examination shows that they are letters which have been destroyed wholesale. They have simply been torn up and thrown away, but you can ascertain that they were letters intended for mailing at Skaguay."

"No, it is not vandalism, but despair. Of course there are many miners around Dawson who never expect to hear from home, and these men will never know that their friends or relatives never received letters sent them. The missives are started in good faith, and the man going out agrees to put them in the Skaguay postoffice, but when he is struggling on the trail nearly dead from exposure and fatigue, hurt by accident or anything like that, the situation resolves itself into a question of life or death for many a traveler. In an emergency he goes into his pack and throws away everything he can possibly throw away—probably leaving nothing but a few provisions and his outfit. Going over the passes and lakes, with their attendant perils and difficulties, is too much for 80 out of 100. They simply give up. It is a crucial test of strength and grit. The few that pull through know what it means."

"Couriers leave Dawson City with great packages of letters, fully intending to carry them through. On the way they give it up in despair, and so, to prevent the letters being found and read, they are torn up or burned. When I came out, I was told of it. Dozens have tried it with this disastrous result. "A man can get \$1.50 or \$3 for bringing a letter out or taking one in. At this rate there is big money in it, but few undertake it. One fellow attempted it in December. A hundred miles from Dawson he met with an accident that disposed of the question as to whether he would see the coast till spring or summer."

"There is a government mail carrier who is advertised to make the trip from Juneau clear through once a month, but I give you my word that he had not taken out any letters from Dawson in November or December. These stories about newspaper couriers and others who make quick trips out I am inclined very much to doubt altogether. From my experience in that country I believe these letters about Dawson City are faked in a Sheep Camp cabin or near the head of the lakes and then sent out. As for ourselves, had we advertised our start from Dawson we could have had all kinds of offers to carry messages. In Alaska all a man wants to think of carrying is a piece of bacon, a blanket and a pick."

"Take the experience of Thad Vreeland's party, for instance. That shows what you must contend with. There were but two partners. They had dogs

and sleds. Vreeland fell into a crack in the ice and went in over his head. The dog followed him. By a miracle Vreeland's head came up at the right place, and his partner pulled him out of a very dangerous place. By the time Vreeland was on the ice again his clothes were frozen stiff, and he was nearly done for. As the sled had remained on the ice his partner quickly lighted a fire in the stove—materials for a fire always being 'laid' beforehand—and cut and tore off Vreeland's wet garments on the spot. Vreeland was nearly stripped in an air where the thermometer registered about 25 degrees below zero. Part of their outfit was lost. If the stove had gone in, it might have been all day with him. After that they lightened their packs."

"I met men who had made trips over the trail times without number. They said the fact that letters were destroyed was not unusual—in fact, that understanding was had by the parties. The guides who agreed to try to carry a package of letters accepted the money for the service, but said that if it came to a pinch they would throw them away. On this basis of chance do the Yukoners conduct their correspondence with the outside world."

"I should not be surprised if the Dawsonians would be just as delighted to receive mail and papers as food, which is said to be 'short' there. They have had no mail since last August. The only news they know is by word from incoming people." —Portland Evening Telegram.

## A LESSON FROM MEXICO.

Destruction of the Forests Has Brought Drought and Desolation.

The early conquerors of this country and their followers of today have been very wasteful and careless in the disposition of their forests, with the result of accelerating the date when they will be compelled to face a problem of forest preservation at considerable cost to themselves. Denizens of the northwest are familiar with the rapidity with which the valuable timber areas have been denuded, until now there is scarcely a merchantable tree between Arkansas and the Canadian line. Many notes of warnings accompanied this destruction of the northern soft wood forests, but they fell upon unwilling ears. Only after it was too late to stop the mischief did the country begin to recognize the indirect value of forests to agriculture and that no high degree of civilization can exist permanently without some systematic and adequate forest management. In India the destruction of the forests commenced 1,000 years ago, and that country, having at last seen the folly of such waste, is now engaged in the expensive undertaking of reforesting large areas.

The effect upon rainfall and the productiveness of the cultivated tracts has already been acknowledged by investigators. When Cortes first saw the valley of Mexico, it was covered with woods, not dense, but abundant, from the timber line on the volcanoes down to the water's edge. The reckless cutting down of the forests by the Spaniards in the first century following the conquest in 1521 increased evaporation, caused the lakes to dry up, led to frequent droughts, followed by occasional floods, and changed the climate of Anahuac.

Any old rancher will tell stories of streams that flowed when he was a boy and will show the dry arroyo now. They all claim that the tablelands had timber in considerable quantities where now there are barren deserts.

This government has taken some steps in the matter, but it is also necessary for the landowners to assist in this work by planting trees and irrigating them for a few years until they have taken good root. By using good judgment in selecting the trees and in planting in a few years the complaints which are now so frequent of years of droughts will soon become fewer and fewer until they finally cease.—Monterey Globe.

## GUNS TAKEN FROM THE CHICAGO.

Likely to Be Used For Auxiliary Cruisers. Dolphin Almost Ready.

NEW YORK, March 19.—A change has been made at the Brooklyn navyyard in the plans for preparing the cruiser Chicago for sea. Several mounts for the 5-inch guns had been hoisted aboard during the week, but have now been put back on the dock. It is said that the mounts are being held for possible use on the auxiliary cruisers.

The Dolphin is slated to go into commission next Thursday.

Admiral Buncie has appointed a board of officers to make a survey of the Mayflower and to report as to what changes shall be made and also as to what armament she can best carry. An officer at the yard said that it would take not more than 30 days to get the Mayflower ready for sea.

### Sixty Corpses Recovered.

MADRID, March 19.—An explosion took place in the Santa Isabel mine at Belmez, province of Cordova. Sixty corpses have already been recovered, and many men are yet unaccounted for.

### French Demands on China.

PEKIN, March 19.—France has made strong demands for territory on China and given eight days in which to grant them.

### Italian Cruiser Not Sold.

ROME, March 19.—An official denial is given to the report that the armored cruiser Varese has been sold.

Disease weaves its web around people a little at a time. They are not dangerously ill all at once. The beginnings of illness are mere trifles. First a little indigestion, perhaps; or headaches; or an occasional bilious turn. It is hard to realize how you are being tangled up in the strands of sickness until you are fairly caught.

Nearly all serious illnesses begin with some stomach or liver trouble, or with a costive condition of the bowels. These functions have got to be put in good condition before there can be any recovery from any disease no matter what its name or nature, and it is because Dr. Pierce's Golden Medical Discovery acts directly upon the liver and digestive organs that it has such a marvelous effect upon all diseases of malnutrition.

It gives the digestive system power to assimilate nourishment and make good blood; it drives out bilious poisons; it creates the red, vitalizing, life-giving elements in the circulation; and builds up the weak and wasted places in every corner of the constitution.

Taken in conjunction with Dr. Pierce's Pleasant Pellets, it relieves obstinate constipation and keeps the bowels in a perfectly natural condition.

Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "In the year of 1891 I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach, and a weight which seemed like a rock. Everything that I ate gave me great pain; I had a bearing down sensation; was swelled across my stomach; had a ridge around my right side, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it, and commenced the use of it. I began to see a change for the better. I was so weak I could not walk across the room without assistance. I took Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription' and one bottle of the 'Pleasant Pellets.' I began to improve very fast after the use of a few bottles. The physicians who attended me said my disease was leading into consumption. I had quite a cough, and the home physician gave me up to die. I thank God that my cure is permanent."

## JUDGE FOR YOURSELF

Which is Better, Try an Experiment or Profit by an East Liverpool Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing proof of merit.

But the indorsement of friends is. Now, supposing you had a bad back. A lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. But they come from far-away places. It's different when the indorsement comes from home.

Easy to prove that it is so. Home indorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mr. Samuel Mayer, No. 183 Bank St., who is an employee of the M. Nichols Pottery, says: "My health was fairly good until two years ago, when my kidneys commenced to trouble me, causing my back to ache a good part of the time and to get sore and lame across the kidneys. The pain was often sharp and penetrating, especially when stooping or lifting, and it was impossible to get rid of the trouble until I used Doan's Kidney Pills. I got a box of them at the W. & W. Pharmacy, and tried them. They gave me ease after taking a few doses. When I had taken one box the soreness and pains in the back and other symptoms of kidney disease passed away, and I have not been troubled since. My experience with Doan's Kidney Pills convinces me they do all that they claim, and I can indorse them as such. I know of others using them, and they can speak as highly of them as I can."

Doan's Kidney Pills are sold for 50 cents per box, six boxes for \$2.50, by all dealers, or sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## MADE ME A MAN

ALL NERVOUS DISEASES—Falling Memory, Impotency, Seminal Discharges, caused by Abuse or Other Excesses and Indiscretions. They quickly and surely restore Lost Vitality in old or young, and fit a man for study, business or marriage. Prevent Insanity and Consumption if taken in time. Their use shows immediate improvement and effects a CURE where all other fail. Indorsement upon having the genuine Ajax Tablets. They have cured thousands and will cure you. We give a positive written guarantee to effect a cure. 50 CENTS per box, or six boxes for \$2.50. By mail, in plain wrapper, upon receipt of price. Circular free. AJAX REMEDY CO., Chicago, Ill.

For sale in East Liverpool, Ohio, by John I. Hodson and the W. & W. Pharmacy.

## A Tough Colored Man.

A recent railroad wreck in North Carolina was caused in a peculiar way. A colored man wanted to get a ride and tried to jump a train of empty flat cars. He missed the car and fell across the track, where the wheels of several cars passed directly over him. His body threw two of the cars off the track, and the strangest part of it is that after the cars had run over him the man was able to get up and walk away. As he looked around him he was heard to exclaim: "Well, well! I never see de like sence I wuz bo'n. I'll bet my week's wages dat railroad'll sue me fer damages."—Atlanta Constitution.

## Stone Soles For the Shoes.

An inventor has hit upon a method of putting stone soles on boots and shoes. He mixes a waterproof glue with a suitable quantity of clean quartz sand and spreads it over the leather sole used as a foundation. These quartz soles are said to be very flexible and practically indestructible and to give the foot a firm hold even on the most slippery surface.—Kansas City World.

shop inspectors.

Mr. Dutton, providing that one ceme-  
tery trustee cannot act for the whole  
board without authority.

On motion of Mr. Griffith the vote  
which defeated the Bramley contract  
labor bill in the house was reconsidered  
and the bill was placed on the calendar  
as a special order for Tuesday at 11  
a. m.

These bills were introduced in the  
senate:

Senator Finck, prohibiting the use of  
junk or refuse bottles.

Senator Decker, making it explicit in  
the ballot law that curtains must be  
hung before the booths to screen the  
voters while marking their ballots from  
observation.

Senator Wolcott, providing that when  
constitutional amendments and other  
propositions are to be submitted to the  
voters the propositions shall be added at  
the bottom of the Australian ballot and  
not put on separate tickets.

Senator Burke, providing that 10 per  
cent of a man's wages shall not be ex-  
empt from attachment in suits brought  
to recover debts for necessities of life.

Senator Plummer, to relieve courts of  
congested dockets.

Mr. Cromley's ditch law, allowing  
any property owner, by giving a bond,  
to get permit for construction of a  
county ditch, and to regulate the tile-  
ing of the same, passed the senate.

### SECRETARY GAGE A GUEST.

He Made a Speech Before Cleveland  
Chamber of Commerce.

CLEVELAND, March 19.—Secretary of  
the Treasury Gage delivered an address  
last evening before the chamber of com-  
merce upon financial question. This  
was in acceptance of an invitation  
given him several weeks ago. The sec-  
retary was met by the officers of the  
chamber upon his arrival in the city  
and escorted to the Hollenden.

At 6 o'clock they had dinner together  
and then proceeded to the chamber,  
which was densely crowded with the  
leading business men of the city. No  
one but members were admitted. After  
the address the secretary was enter-  
tained at the Union club.

### Jackson Is Satisfied.

YOUNGSTOWN, O., March 19.—Prosec-  
cuting Attorney Jackson said that he  
was satisfied from the investigation  
made that there was no ground to sus-  
pect the husband or any one else of  
causing the death of Mrs. Chester Har-  
mon, that so far as he was concerned  
he would not disturb the verdict of the  
coroner and that it was a case of sui-  
cide, unless relations of the deceased or  
some responsible party filed an affidavit  
making a direct charge.

### Supplies For the Cubans.

CINCINNATI, March 19.—Twelve tons  
of supplies for the reconcentrados in  
Cuba have been started south by rail  
from Cincinnati. They consist of food,  
clothing and medicines and are the re-  
sult of voluntary contributions from  
this city.

### A Professor Resigns.

AKRON, March 19.—Prof. James O.  
Wise, supervisor of drawing and pen-  
manship in the public schools, against  
whom a sensational suit for divorce was  
filed by his 17-year-old wife on Tues-  
day, has resigned.

### Majority For Jap Government.

YOKOHAMA, March 19.—The election  
returns show a small majority for the  
government.

## LEFT ON THE TRAIL.

THOUSANDS OF DAWSON LETTERS  
SAID TO HAVE BEEN ABANDONED.

Andy Christiansen Says They Are Torn Up  
or Burned—Carriers Agree to Bring the  
Letters Out, but Are Frequently Com-  
pelled to Give It Up.

For the greater part of the distance  
along the trails by river and lake and  
mountain pass from Dawson City al-  
most to Sheep Camp the course of many  
a weary footed caravan is marked by  
bits of paper which have come from  
letters that have been torn to pieces.

So says Andy Christiansen and some of  
his fellow travelers of Albina, Or.

Christiansen and a few friends came out  
a short time ago. Christiansen makes  
the positive assertion that thousands of  
letters from people on the Yukon never  
reach their destination. To receive a  
letter from Dawson City, they say, may  
be accepted as a piece of good luck.

"There are lots of places on the  
trail," said Christiansen the other even-  
ing, "where you find quite a pile of pa-  
per in shreds. An examination shows  
that they are letters which have been  
destroyed wholesale. They have simply  
been torn up and thrown away, but you  
can ascertain that they were letters in-  
tended for mailing at Skaguay.

"No, it is not vandalism, but de-  
spair. Of course there are many miners  
around Dawson who never expect to  
hear from home, and these men will  
never know that their friends or rela-  
tives never received letters sent them.  
The missives are started in good faith,  
and the man going out agrees to put  
them in the Skaguay postoffice, but when  
he is struggling on the trail nearly dead  
from exposure and fatigue, hurt by ac-  
cident or anything like that, the situa-  
tion resolves itself into a question of  
life or death for many a traveler. In an  
emergency he goes into his pack and  
throws away everything he can possibly  
throw away—probably leaving nothing  
but a few provisions and his outfit. Go-  
ing over the passes and lakes, with their  
attendant perils and difficulties, is too  
much for 80 out of 100. They simply  
give up. It is a crucial test of strength  
and grit. The few that pull through  
know what it means.

"Couriers leave Dawson City with  
great packages of letters, fully intend-  
ing to carry them through. On the way  
they give it up in despair, and so, to  
prevent the letters being found and  
read, they are torn up or burned. When  
I came out, I was told of it. Dozens  
have tried it with this disastrous result.

"A man can get \$1.50 or \$2 for  
bringing a letter out or taking one in.  
At this rate there is big money in it,  
but few undertake it. One fellow at-  
tempted it in December. A hundred  
miles from Dawson he met with an ac-  
cident that disposed of the question as  
to whether he would see the coast till  
spring or summer.

"There is a government mail carrier  
who is advertised to make the trip from  
Juneau clear through once a month, but  
I give you my word that he had not tak-  
en out any letters from Dawson in No-  
vember or December. These stories  
about newspaper carriers and others  
who make quick trips out I am inclined  
very much to doubt altogether. From  
my experience in that country I believe  
these letters about Dawson City are fak-  
ed in a Sheep Camp cabin or near the  
head of the lakes and then sent out. As  
for ourselves, had we advertised our  
start from Dawson we could have had  
all kinds of offers to carry messages. In  
Alaska all a man wants to think of car-  
rying is a piece of bacon, a blanket and  
a pick.

"Take the experience of Thad Vree-  
land's party, for instance. That shows  
what you must contend with. There  
were but two partners. They had dogs

and sleds. Vreeand fell into a crack in  
the ice and went in over his head. The  
dog followed him. By a miracle Vree-  
land's head came up at the right place,  
and his partner pulled him out of a very  
dangerous place. By the time Vreeand  
was on the ice again his clothes were  
frozen stiff, and he was nearly done for.  
As the sled had remained on the ice his  
partner quickly lighted a fire in the  
stove—materials for a fire always being  
'laid' beforehand—and cut and tore off  
Vreeand's wet garments on the spot.  
Vreeand was nearly stripped in an air  
where the thermometer registered about  
25 degrees below zero. Part of their out-  
fit was lost. If the stove had gone in, it  
might have been all day with him. Af-  
ter that they lightened their packs.

"I met men who had made trips over  
the trail times without number. They  
said the fact that letters were destroyed  
was not unusual—in fact, that under-  
standing was had by the parties. The  
guides who agreed to try to carry a  
package of letters accepted the money  
for the service, but said that if it came  
to a pinch they would throw them  
away. On this basis of chance do the  
Yukoners conduct their correspondence  
with the outside world.

"I should not be surprised if the  
Dawsonians would be just as delighted  
to receive mail and papers as food,  
which is said to be 'short' there. They  
have had no mail since last August.  
The only news they know is by word  
from incoming people." —Portland  
Evening Telegram.

## A LESSON FROM MEXICO.

Destruction of the Forests Has Brought  
Drought and Desolation.

The early conquerors of this country  
and their followers of today have been  
very wasteful and careless in the dispo-  
sition of their forests, with the result  
of accelerating the date when they will  
be compelled to face a problem of forest  
preservation at considerable cost to  
themselves. Denizens of the northwest  
are familiar with the rapidity with  
which the valuable timber areas have  
been denuded, until now there is scarce-  
ly a merchantable tree between Arkan-  
sas and the Canadian line. Many  
notes of warnings accompanied this de-  
struction of the northern soft wood for-  
ests, but they fell upon unwilling ears.

Only after it was too late to stop the  
mischief did the country begin to recog-  
nize the indirect value of forests to agri-  
culture and that no high degree of civil-  
ization can exist permanently with-  
out some systematic and adequate forest  
management. In India the destruction  
of the forests commenced 1,000 years  
ago, and that country, having at last  
seen the folly of such waste, is now en-  
gaged in the expensive undertaking of  
reforesting large areas.

The effect upon rainfall and the pro-  
ductiveness of the cultivated tracts has  
already been acknowledged by investi-  
gators. When Cortes first saw the val-  
ley of Mexico, it was covered with  
woods, not dense, but abundant, from  
the timber line on the volcanoes down  
to the water's edge. The reckless cut-  
ting down of the forests by the Span-  
iards in the first century following the  
conquest in 1521 increased evaporation,  
caused the lakes to dry up, led to fre-  
quent droughts, followed by occasional  
floods, and changed the climate of  
Anahuac.

Any old rancher will tell stories of  
streams that flowed when he was a boy  
and will show the dry arroyo now.

They all claim that the tablelands had  
timber in considerable quantities where  
now there are barren deserts.

This government has taken some steps  
in the matter, but it is also necessary  
for the landowners to assist in this  
work by planting trees and irrigating  
them for a few years until they have  
taken good root. By using good judg-  
ment in selecting the trees and in plant-  
ing in a few years the complaints  
which are now so frequent of years of  
droughts will soon become fewer and  
fewer until they finally cease.—Mon-  
terey Globe.

## GUNS TAKEN FROM THE CHICAGO.

Likely to Be Used For Auxiliary Cruisers.  
Dolphin Almost Ready.

NEW YORK, March 19.—A change has  
been made at the Brooklyn navyyard in  
the plans for preparing the cruiser Chi-  
cago for sea. Several mounts for the 5-  
inch guns had been hoisted aboard dur-  
ing the week, but have now been put  
back on the dock. It is said that the  
mounts are being held for possible use  
on the auxiliary cruisers.

The Dolphin is slated to go into com-  
mission next Thursday.

Admiral Buncie has appointed a board  
of officers to make a survey of the May-  
flower and to report as to what changes  
shall be made and also as to what arma-  
ment she can best carry. An officer at  
the yard said that it would take not  
more than 30 days to get the Mayflower  
ready for sea.

## Sixty Corpses Recovered.

MADRID, March 19.—An explosion  
took place in the Santa Isabel mine at  
Belmez, province of Cordova. Sixty  
corpses have already been recovered, and  
many men are yet unaccounted for.

## French Demands on China.

PEKIN, March 19.—France has made  
strong demands for territory on China  
and given eight days in which to grant  
them.

## Italian Cruiser Not Sold.

ROME, March 19.—An official denial  
is given to the report that the armored  
cruiser Varese has been sold.

Disease weaves its web  
around people a little at a  
time. They are not danger-  
ously ill all at once. The  
beginnings of illness are  
mere trifles. First a little indigestion, per-  
haps; or headaches; or an occasional bilious  
turn. It is hard to realize how you are be-  
ing tangled up in the strands of sickness  
until you are fairly caught.

Nearly all serious illnesses begin with  
some stomach or liver trouble, or with a  
costive condition of the bowels. These  
functions have got to be put in good condi-  
tion before there can be any recovery from  
any disease no matter what its name or na-  
ture, and it is because Dr. Pierce's Golden  
Medical Discovery acts directly upon the  
liver and digestive organs that it has such a  
marvelous effect upon all diseases of mal-  
nutrition.

It gives the digestive system power to  
assimilate nourishment and make good  
blood; it drives out bilious poisons; it  
creates the red, vitalizing, life-giving ele-  
ments in the circulation; and builds up the  
weak and wasted places in every corner of  
the constitution.

Take in conjunction with Dr. Pierce's  
Pleasant Pellets, it relieves obstinate con-  
stipation and keeps the bowels in a per-  
fectly natural condition.

Mrs. Ella Howell, of Derby, Perry Co., Ind.,  
writes: "In the year of 1894 I was taken with  
stomach trouble—nervous dyspepsia. There was  
a coldness in my stomach, and a weight which  
seemed like a rock. Everything that I ate gave  
me great pain; I had a bearing down sensation;  
was swollen across my stomach; had a ridge  
around my right side, and in a short time I was  
bloated. I was treated by three of our best phy-  
sicians but got no relief. Then Dr. Pierce's  
Golden Medical Discovery was recommended to  
me and I got it, and commenced the use of it. I  
began to see a change for the better. I was so  
weak I could not walk across the room without  
assistance. I took Dr. Pierce's Golden Medical  
Discovery and his 'Favorite Prescription' and one  
bottle of the 'Pleasant Pellets.' I began to  
improve very fast after the use of a few bottles.  
The physicians who attended me said my disease  
was leading into consumption. I had quite a  
cough, and the home physician gave me up to  
die. I thank God that my cure is permanent."

## JUDGE FOR YOURSELF

Which is Better, Try an Experiment  
or Profit by an East Liverpool  
Citizen's Experience.

Something new is an experiment.  
Must be proven to be as represented.  
Be successful at home or you doubt it.  
The statement of a manufacturer is  
not convincing proof of merit.

But the indorsement of friends is.  
Now, supposing you had a bad back.  
A Lame, Weak or Aching one.  
Would you experiment on it?  
You will read of many so-called cures.  
But they come from far away places.  
It's different when the indorsement  
comes from home.

Easy to prove that it is so.  
Home indorsement is the proof that  
backs every box of Doan's Kidney Pills.

Read this case:  
Mr. Samuel Mayer, No. 183 Bank St.,  
who is an employe of the M. Nicholls  
Pottery, says: "My health was fairly  
good until two years ago, when my kid-  
neys commenced to trouble me, causing  
my back to ache a good part of the time  
and to get sore and lame across the kid-  
neys. The pain was often sharp and  
penetrating, especially when stooping or  
lifting, and it was impossible to get rid of  
the trouble until I used Doan's Kidney  
Pills. I got a box of them at the W. &  
W. Pharmacy, and tried them. They  
gave me ease after taking a few doses.  
When I had taken one box the soreness  
and pains in the back and other symp-  
toms of kidney disease passed away, and  
I have not been troubled since. My ex-  
perience with Doan's Kidney Pills con-  
vinces me they do all that they claim,  
and I can indorse them as such. I know  
of others using them, and they can speak  
as highly of them as I can."

Doan's Kidney Pills are sold for 50  
cents per box, six boxes for \$2.50, by all  
dealers, or sent by mail on receipt of  
price. Foster-Milburn Co., Buffalo, N.  
Y., sole agents for the United States.

## MADE ME A MAN

AJAX TABLETS POSITIVELY CURE  
ALL Nervous Diseases—Failing Man-  
hood, Impotency, Sleeplessness, etc., caused  
by Abuse or other Excesses and Indis-  
cretions. They quickly and surely  
restore Lost Vitality in old or young, and  
fit a man for study, business or marriage.

Prevent Insanity and Consumption  
taken in time. Their use shows immediate im-  
provement and effects a CURE where all other fail.  
Insist upon having the genuine Ajax Tablets. They  
have cured thousands and will cure you. We give a per-  
fectly written guarantee to effect a cure for \$5.00. In  
each case or refund the money. Price 50c. per  
package; or six packages (full treatment) for \$2.50. By  
mail, in plain wrapper, upon receipt of price Circular  
file. **AJAX REMEDY CO.,** 19 Dearborn St.,  
Chicago, Ill.

For sale in East Liverpool, Ohio, by John I.  
Hodson and the W. & W. Pharmacy.

## A Tough Colored Man.

A recent railroad wreck in North  
Carolina was caused in a peculiar way.  
A colored man wanted to get a ride and  
tried to jump a train of empty flat cars.

He missed the car and fell across the  
track, where the wheels of several cars  
passed directly over him. His body  
threw two of the cars off the track, and  
the strangest part of it is that after the  
cars had run over him the man was able  
to get up and walk away. As he looked  
around him he was heard to exclaim:  
"Well, well! I never see de like sence I  
wuz bo'n. I'll bet my week's wages dat  
railroad'll sue me fer damages." —At-  
lanta Constitution.

## Stone Soles For the Shoes.

An inventor has hit upon a method  
of putting stone soles on boots and  
shoes. He mixes a waterproof glue with  
a suitable quantity of clean quartz sand  
and spreads it over the leather sole used  
as a foundation. These quartz soles are  
said to be very flexible and practically  
indestructible and to give the foot a  
firm hold even on the most slippery sur-  
face. —Kansas City World.

## **CALLED MR. McCULLOCH**

He Will Preach at the Calcutta Church.

MR. AND MISS YARNELL HERE

Their Beautiful Singing Was Appreciated by a Large Audience at the First Presbyterian Church—Services at the Second Church Last Night.

The Second Presbyterian church of this city and the Long's Run Presbyterian church of Calcutta have for about three years enjoyed a season of spiritual prosperity under the pastorate of the Rev. A. D. McCulloch.

This relation, however, is now about to be dissolved, owing to the fact that the Calcutta church has made out a call for Mr. McCulloch's full time, which it is understood he will accept. Just what the Second church will do is not as yet determined, but it is thought, if possible, they will also endeavor to secure a pastor for his full time. The church is in better condition now than in any time in its history and the people are harmonious and united. They deeply feel the loss they have sustained in the dissolution of the pastorate, but at the same time recognize the fact that the work of Mr. McCulloch has been very laborious, really too much for any one man to do in justice to himself.

### **EXCELLENT MUSIC**

Was Rendered at the First Presbyterian Church.

The auditorium of the First Presbyterian church was filled with an interested audience last evening. The lecture room, where weekday services are held, being too small to accommodate the congregation. Doctor Lee delivered a very good sermon, and the singing of Mr. and Miss Yarnell, who arrived last evening from Ft. Wayne, was excellent. They sang two duets and Mr. Yarnell sang a beautiful solo. Seldom if ever has there been heard in the city such singing, and the many persons present were delighted. Mr. and Miss Yarnell have been heard before by some Liverpool people, and since Doctor Lee announced their coming these people have been promising their friends a treat, and now everybody feels assured that those promises have been kept.

### **IN THE SECOND CHURCH.**

Reverend Hosick Delivered a Very Strong Sermon.

Last evening's sermon of Rev. J. K. Hosick at the Second Presbyterian church, East End, closed the service for the week. The sermon was addressed, as have in a large measure all his sermons, to those already Christian, "Fellowship" being his theme.

An incident which the speaker gave came with much force to his hearers. A lady once came to a minister and said, "I have no joy in my Christian life and have not had for four years." "Praise the Lord," said the minister. Whereupon the lady was astonished that he should be so thankful, but he assured her that as she was so sure just when her joy and peace had left her, she should at once do that which would again bring them back. In their conversation the lady admitted that four years before she had angry words with a fellow Christian, and that she had herself been in the wrong and was too proud to make things right. The minister assured her that she should never have joy until she had gone to the one whom she had wronged and asked for pardon. It was a long time after this interview that peace came, but come it did immediately after the lady had written the letter acknowledging her wrong.

Mr. Hosick closed his very impressive discourse with the thought which he did not give as a fact, but simply an idea which had often come to him: "Can a person be on better terms with God than he is with man?"

### **Buyers In Town.**

F. J. Rodgers, of San Francisco, a buyer for a number of firms in that place, has placed a large number of orders since his arrival. He will leave this evening for the East.

R. C. Campbell and James Sibley, of Chattanooga, are also in the city placing orders. They arrived yesterday afternoon, and will leave town this evening.

### **Save Money.**

Buy wall paper now. All 1897 patterns, many of them as good as new, at half-price.

### **BEAUTIFUL MAGIC LAKE.**

The Present Which an Earthquake Made to Tennessee.

Reelfoot lake, which lies mostly in Obion county and partly in Lake, is the largest sheet of water in Tennessee, it being 40 miles in length and from 3 to 5 in width.

This lake, which evokes rapturous comments from even the most indifferent observer, was formed in a few minutes by an earthquake, which, according to the best authorities, occurred between 2 and 3 o'clock on Saturday morning, Nov. 16, 1811. There were two terrific shocks about 30 minutes apart and many lighter ones between and after. The earth rocked violently, a deafening noise like thunder struck terror to the ear, the atmosphere was heavily laden with something like smoke and vivid and almost constant flashes of lightning illuminated the surrounding country, and in less time than it takes to write it thousands of acres of land had sunk far below the level of the mighty Mississippi.

The Father of Waters rushed into the sunken country, and the suction was so great that for three hours the river ran up stream, and rafts and boats below the lake were torn from their moorings and went whirling into the seething, maddening vortex. As soon as the newly formed lake was filled the river went majestically on its usual course, leaving to Tennessee one of the finest fishing resorts in the country, which is annually the Mecca of thousands of sportsmen.—Cincinnati Commercial Tribune.

### **Students' Pranks.**

In The National Magazine W. H.

These Trusses fitted by a physician, without extra charge, at  
**HAMILTON'S DRUG STORE.**

### **An Important Meeting.**

### **Thorns to Sit Upon.**

Many people gather thorns by failing to heed the warning sent out by diseased kidneys, coated tongue, parched skin, feverishness, dull dragging pain, general feeling of weariness, is sure evidence of kidney and bladder trouble. Take Utah Kidney Beans at once, they will cure you; they have cured thousands of others. THE TURNERS OF PHILADELPHIA make Utah Kidney Beans.

E. B. Samuels, county clerk of Hickman county, Clinch, Kentucky, testifies, that he suffered for years with horrible pains in the back, kidneys and bladder, was treated by many physicians, they gave him no relief; he got so that he could hardly stand alone. Utah Kidney Beans, he says, completely cured him. He gladly recommends them to all sufferers. East Liverpool agents, W. O. Hamilton, A. H. Bulger, John I. Hodson.

Turners' Little Liver Turners—A very small pill. Turns your liver. A true laxative. An after dinner pill.

## **The \$50**

reward offered for a case of sleeplessness, nervousness, weakness, lame back, loss of vitality, incipient kidney and bladder disorders, that can't be cured by Morrow's Kidneys, the new scientific discovery for shattered nerves, thin blood, will most positively be paid on receipt of reliable evidence. Morrow's Kidneys are prepared in yellow tablets, 50c a box at Druggists, or mailed on receipt of price. HERB MEDICINE CO., Springfield, Ohio, manufacturers of the famous Lightning Hot Drops. Write for testimonials.

Leavitt tells some amusing stories of the pranks of American art students in Paris. Once the students in one atelier hazed a newcomer by taking all his money, putting him into a cab and giving the driver instructions where to take him. When the cab halted, the penniless student alighted and stood on the curb. "Will you be so good as to light a match?" said the student. "I dropped a napoleon in the cab and can't find it." Whereupon the driver whipped up and was away in a hurry.

A new student from Algiers amused the studio for awhile by imitating the sounds of various wild beasts and birds. Then the fickle fellows tired of it. So one day, having prepared a big box with breathing holes in it, they put the mimic in it and kept him there three days, at the end of which time he performed only by request.

### **Feminine Generalship.**

On one occasion the noted British officer Tarleton was speaking contemptuously of Colonel William Washington to a patriot lady. "Why," said Tarleton, "they tell me he is so ignorant that he cannot even write his name." With a meaning glance at Tarleton's right hand, which Washington had wounded, the lady replied, "But nobody is better aware than you, Colonel Tarleton, that Colonel Washington knows how to make his mark."

### IN THE SECOND CHURCH.

Reverend Hosick Delivered a Very Strong Sermon.

Last evening's sermon of Rev. J. K. Hosick at the Second Presbyterian church, East End, closed the service for the week. The sermon was addressed, as have in a large measure all his sermons, to those already Christian, "Fellowship" being his theme.

An incident which the speaker gave came with much force to his hearers. A lady once came to a minister and said, "I have no joy in my Christian life and have not had for four years." "Praise the Lord," said the minister. Whereupon the lady was astonished that he should be so thankful, but he assured her that as she was so sure just when her joy and peace had left her, she should at once do that which would again bring them back. In their conversation the lady admitted that four years before she had angry words with a fellow Christian, and that she had herself been in the wrong and was too proud to make things right. The minister assured her that she should never have joy until she had gone to the one whom she had wronged and asked for pardon. It was a long time after this interview that peace came, but come it did immediately after the lady had written the letter acknowledging her wrong.

Mr. Hosick closed his very impressive discourse with the thought which he did not give as a fact, but simply an idea which had often come to him: "Can a person be on better terms with God than he is with man?"

### Buyers in Town.

F. J. Rodgers, of San Francisco, a buyer for a number of firms in that place, has placed a large number of orders since his arrival. He will leave this evening for the East.

R. C. Campbell and James Sibley, of Chattanooga, are also in the city placing orders. They arrived yesterday afternoon, and will leave town this evening.

### BEAUTIFUL MAGIC LAKE.

The Present Which an Earthquake Made to Tennessee.

Reelfoot lake, which lies mostly in Obion county and partly in Lake, is the largest sheet of water in Tennessee, it being 40 miles in length and from 3 to 5 in width.

This lake, which evokes rapturous comments from even the most indifferent observer, was formed in a few minutes by an earthquake, which, according to the best authorities, occurred between 2 and 3 o'clock on Saturday morning, Nov. 16, 1811. There were two terrific shocks about 30 minutes apart and many lighter ones between and after. The earth rocked violently, a deafening noise like thunder struck terror to the ear, the atmosphere was heavily laden with something like smoke and vivid and almost constant flashes of lightning illuminated the surrounding country, and in less time than it takes to write it thousands of acres of land had sunk far below the level of the mighty Mississippi.

The Father of Waters rushed into the sunken country, and the suction was so great that for three hours the river ran up stream, and rafts and boats below the lake were torn from their moorings and went whirling into the seething, maddening vortex. As soon as the newly formed lake was filled the river went majestically on its usual course, leaving to Tennessee one of the finest fishing resorts in the country, which is annually the Mecca of thousands of sportsmen.—Cincinnati Commercial Tribune.

### Students' Pranks.

These Trusses fitted by a physician, without extra charge, at

HAMILTON'S DRUG STORE.

### An Important Meeting.

### Thorns to Sit Upon.

Many people gather thorns by failing to heed the warning sent out by diseased kidneys, coated tongue, parched skin, feverishness, dull dragging pain, general feeling of weariness, is sure evidence of kidney and bladder trouble. Take Utah Kidney Beans at once, they will cure you; they have cured thousands of others. THE TURNERS OF PHILADELPHIA make Utah Kidney Beans.

E. B. Samuels, county clerk of Hickman county, Clinon, Kentucky, testifies, that he suffered for years with horrible pains in the back, kidneys and bladder, was treated by many physicians, they gave him no relief; he got so that he could hardly stand alone. Utah Kidney Beans, he says, completely cured him. He gladly recommends them to all sufferers.

East Liverpool agents, W. O. Hamilton, A. H. Bulger, John I. Hodson.

Turners' Little Liver Turners—A very small pill. Turns your liver. A true laxative. An after dinner pill

## The \$50

reward offered for a case of sleeplessness, nervousness, weakness, lame back, loss of vitality, incipient kidney and bladder disorders, that can't be cured by Morrow's Kidneys, the new scientific discovery for shattered nerves, thin blood, will most positively be paid on receipt of reliable evidence.

Morrow's Kidneys are prepared in yellow tablets, 50c a box at Druggists, or mailed on receipt of price. HERB MEDICINE CO., Springfield, Ohio, manufacturers of the famous Lightning Hot Drops. Write for testimonials.

Leavitt tells some amusing stories of the pranks of American art students in Paris. Once the students in one atelier hazed a newcomer by taking all his money, putting him into a cab and giving the driver instructions where to take him. When the cab halted, the penniless student alighted and stood on the curb. "Will you be so good as to light a match?" said the student. "I dropped a napoleon in the cab and can't find it." Whereupon the driver whipped up and was away in a hurry.

A new student from Algiers amused the studio for awhile by imitating the sounds of various wild beasts and birds. Then the fickle fellows tired of it. So one day, having prepared a big box with breathing holes in it, they put the mimic in it and kept him there three days, at the end of which time he performed only by request.

### Feminine Generalship.

On one occasion the noted British officer Tarleton was speaking contemptuously of Colonel William Washington to a patriot lady. "Why," said Tarleton, "they tell me he is so ignorant that he cannot even write his name." With a meaning glance at Tarleton's right hand, which Washington had wounded, the lady replied, "But nobody is better aware than you, Colonel Tarleton, that Colonel Washington knows how to make his mark."

EAST LIVERPOOL, O., SATURDAY, MARCH 19.

UNION PAPERS.  
 All Union papers of East Liverpool are  
 known to the various craft and unions of  
 the city by the printing of the above  
 Union Label at the head of their columns.

THE suggestion of the London  
 Chronicle that we name one of our new  
 warships "Anglo-America" will not meet  
 with favor in America as long as states  
 like Ohio are without a representative  
 vessel in the navy.

It is sincerely hoped the better  
 element in Irondale will prevail, and  
 the saloons will not be returned to the  
 town. Perhaps no village in all this  
 manufacturing district has suffered from  
 the curse more than has Irondale.

IN matters not what the report of the  
 board of inquiry may be the United  
 States is prepared. If the explosion on  
 the Maine was the result of an accident  
 the responsible parties will be dis-  
 ciplined, but if Spain blew up the bat-  
 tleship this government is ready for a  
 more serious consideration of the mat-  
 ter.

THE position of this country has had  
 a splendid effect upon the Spanish gov-  
 ernment. A few weeks ago the Spaniards  
 were wild for war. All the people  
 wanted the United States punished for  
 daring to presume that Spain was re-  
 sponsible for the loss of the Maine. Now  
 it is different. The Dons find we are  
 ready for any plesantry they may pro-  
 pose.

## NOT TOO LATE.

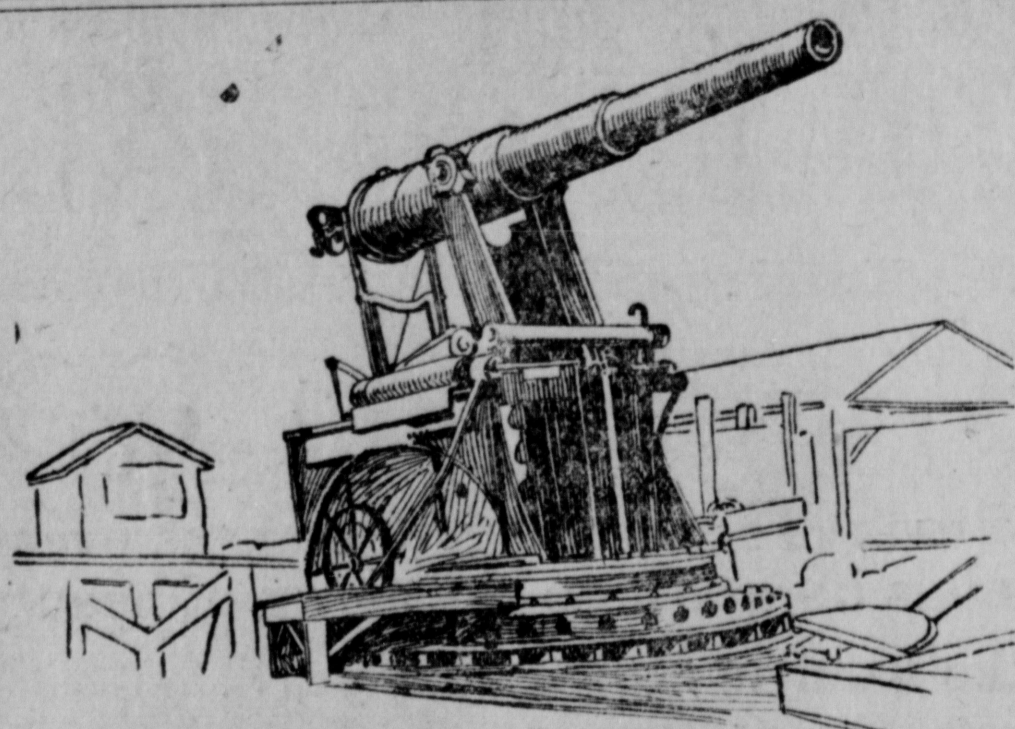

If you are a Republican and have not  
 yet cast your ballot hasten to the proper  
 polling place and do your duty. The  
 questions at issue are important. They  
 concern every taxpayer in the city, and  
 they interest every man who believes in  
 good government. What the people of  
 East Liverpool most desire is a fair and  
 honest administration of affairs. That  
 they cannot have unless the real Republi-  
 cans do as they should at the primaries.

## THE IMMIGRATION BILL.

Captain Danford announces that the  
 immigration restriction measure will be  
 passed before the adjournment of con-  
 gress, and it is now where it can be  
 taken up at any time. That is the kind  
 of talk the American people like to hear,  
 and, depending upon it, they expect to  
 see that very serious problem far on the  
 way to solution. Then, with a commis-  
 sioner, who has the pluck to stand out  
 against the steamship companies, this  
 country will not be cursed by the pres-  
 ence of undesirable immigrants, and  
 only those people who will make good  
 citizens will be admitted. If congress  
 carries out the program this country  
 will have reason to thank the Republi-  
 can party.

## FOR HUMANITY.

When a senator of this government  
 publicly arraigns the Spanish rulers in  
 Cuba for their inhumanity toward the  
 poor starving unfortunates who have  
 suffered so long at their hands, the real  
 condition of affairs on the island can no  
 longer be doubted. While the great  
 majority of Americans believed a year  
 ago that this government should inter-  
 fere, they now can see no reason for  
 continued inactivity. The law of nations  
 may not countenance interference, but  
 the law of humanity demands it. If the  
 United States permits this thing to go  
 on, and quietly allows the most cruel and  
 brutal of the civilized countries of the  
 world to torture and kill innocent women  
 and children, the time has come for this  
 nation to deny the place it has so long  
 and proudly held. We will then have  
 lost any claim we may have had to be-  
 ing charitable. Our boasted humanity  
 will be as a rank weed, much in evi-  
 dence, but no good.

## THIRTY TON DISAPPEARING GUN.

Nearly every important seaport now has one or more 30 ton disappearing  
 guns of 10 inch caliber for its defense. Each gun fires a 575 pound projectile,  
 and the recoil sends the cannon back out of sight into its pit.

## WELLSVILLE.

### POSTPONED FOR A WEEK

No Special Meeting at the  
 Methodist Church.

### REASONS ARE NOT GIVEN OUT

Something Interesting Is Expected to De-  
 velop Very Soon—Personal—Rolling Mill  
 Men Are Coming—All the News of  
 Wellsville.

It is announced today that the special  
 men's meeting called for tomorrow after-  
 noon at the First M. E. church, has been  
 postponed until next week. No reason  
 is assigned, but because the meeting  
 was called for the purpose of discussing  
 some matters of interest to a great many  
 people in Wellsville it is generally be-  
 lieved that there is a very good reason  
 for postponement. It is assured that a  
 large number of young men will attend.

### The New Mill.

Word has reached the city that the  
 parties who will build a mill in West  
 End will be in the city early next week,  
 and work will begin on the construction  
 of the plant at once. The gentlemen  
 are anxious to have the mill erected and  
 in operation as soon as possible. It is  
 believed the contracts will be let at  
 once. The machinery has already been  
 purchased.

### Church Notes.

Church of the Ascension, A. E. Jones,  
 Ph. D., pastor—Sunday school, 9 a. m.;  
 prayer and sermon, 10:15, subject, "Re-  
 pentance;" evening prayer and ser-  
 mon, 6:30, subject, "Prayer." Wed-  
 nesday at 7 p. m., a study in the psalms.  
 Friday evening, the second address,  
 "Is the Episcopal Church Too Much  
 Like the Catholic?" All are cordially  
 invited.

Methodist Protestant church, C. W.  
 Stephenson, pastor—Services at 10:15 a.  
 m., subject, "Prayer;" evening subject,  
 "A Cowardly Surrender." A cordial  
 invitation to all.

First Presbyterian church, H. W.  
 Lowry, pastor—Regular services morn-  
 ing and evening by the pastor.

U. P. church, W. A. Little, pastor—  
 Usual services conducted by the pastor.  
 Second Presbyterian church, C. L. V.  
 McKee, pastor—Morning service, 10:30;  
 communion and reception of members;  
 evening service at 6:30, subject, "Party-  
 ism and Patriotism." Every one wel-  
 come.

M. E. church, J. S. Reager, pastor—  
 Morning subject, "A Better Covenant;"  
 evening subject, "Heroes of Progress."  
 Usual men's meeting at 3 o'clock.

Evangelical church, Rev. Gamerts-  
 felder, pastor—Sabbath school, 9 a. m.;  
 preaching at 10:15; class meeting at the  
 close of service; Y. P. association at  
 5:30; church at 6:30 p. m.

### Personal.

Mrs. T. L. Apple is a Pittsburg visitor  
 today.

Miss Carrie Campbell, of Monroeville,  
 spent the night with friends in town  
 and left on the morning train for Steu-  
 benville.

Raymond Hamlin, of Salineville, was  
 in town yesterday.

C. L. Peacock stopped long enough to  
 greet his many friends on his way from  
 Pittsburg to his home in Coshocton.

J. R. Elson, of Magnolia, is in town  
 on business.

Mrs. Will Parsons and Miss Maud  
 Williamson went to Pittsburg on the  
 morning train.

Miss Mary Bright entertained the  
 Silent Sisters yesterday at 5 o'clock tea.

John Nicholson has departed for  
 Evansville, Ind., his future home.  
 Misses Laura and Gertie Lythe enter-  
 tained their friends last evening.

### The News of Wellsville.

Sixty-five ladies attended the dinner  
 party of Mrs. J. H. and E. H. Riggs  
 yesterday. Miss Leah Porter won the  
 first prize, and Mrs. Ralph Owen, of  
 Cleveland, the second. A number of  
 Liverpool ladies were present, and a  
 most enjoyable time was had.

### CHURCH CHIMES.

Evangelical Lutheran church, J. G.  
 Reinartz, pastor—Catechetical class will  
 meet next Tuesday evening. Lenten  
 services Wednesday evening at 7:30  
 o'clock.

Second Presbyterian, East End, Rev.  
 A. D. McCulloch, pastor—Sabbath  
 school, 10 a. m.; Endeavor, 6:30; preach-  
 ing by the pastor at 7:30. Strangers in-  
 vited.

St. Stephen's Episcopal church, Ed-  
 win Weary, rector—7:30 a. m., holy  
 communion; 9:30, Sunday school and  
 rector's Bible class; 10:45, service and  
 sermon; 2:30 p. m., baptismal service;  
 3, confirmation class; 7:30, choral eve-  
 ning and sermon with after meeting.  
 Weekday Lenten services—Wednesday  
 and Friday evenings, at 7:30; Thursday,  
 cottage lecture in district No. 3, at Miss  
 Webster's. Special mission services  
 every evening at 7:30 from Palm Sun-  
 day to Good Friday.

Doctor Schaffer, of Pittsburg, will  
 speak at the afternoon meeting at the  
 Young Men's Christian association to-  
 morrow afternoon.

First U. P. church, Rev. J. C. Tag-  
 gart, pastor—At 11 a. m., "One Perfect  
 Sacrifice;" 7:30 p. m., "In the Valley of  
 Decision;" Sabbath school 9:45 a. m.;  
 Young People's meeting 6:30.

Rev. S. B. Salmon will preach in the  
 Chester chapel at 3:30 p. m. tomorrow.

African Methodist Episcopal church,  
 Reverend Carson, pastor—Morning ser-  
 vice at 10:30; Sabbath school 2:30; con-  
 secration meeting 4; Endeavor 7;  
 preaching 8.

First Presbyterian church, Rev. John  
 Lloyd Lee, pastor—The pastor will  
 preach morning and evening, and Mr.  
 and Miss Yarnell will sing at each ser-  
 vice. The song service preceding the  
 evening service will begin at 7:15 o'clock.

Dr. George Shaffer, president of the  
 Pittsburg conference, will preach at the  
 First M. P. church tomorrow morning  
 and evening. Sunday school at 9:30  
 a. m. Christian Endeavor prayer meet-  
 ing at 6:15 p. m. All are invited.

Second U. P. church, Rev. J. R.  
 Green, pastor—11 a. m., "Fruits of the  
 Tree of Life," second series; 7:30 p. m.,  
 "A Problem in Profit and Loss."

Christian church, Prof. O. S. Reed,  
 pastor—Morning, "Philip or True to  
 His Mission;" evening, "Personal Re-  
 sponsibility."

### The Wonderful Vitascopes.

The pictures are simply beautiful and  
 astonishing. They charm all beholders.  
 You can enjoy an evening of keen de-  
 light by going to the Christian church  
 tonight, Saturday, March 19, and seeing  
 this wonder of the century. Admission,  
 adults 25 cents, children 15 cents. \*

### Mouldings.

Elegant new line of mouldings, to  
 match all new papers, at

W. A. HILL'S.

Read the News Review election  
 bulletins this evening. Always  
 the earliest. Always reliable.

State of Ohio, Columbiana County, ss.

March 8, 1898.

Notice is hereby given that the undersigned  
 has been appointed administrator of the  
 estate of John Grosshans, deceased.  
 REBECCA J. GROSSHANS.

WANTED—HOUSE OF FOUR OR FIVE  
 Rooms. Address, F. X. H., NEWS RE-  
 VIEW office.

# One Scarcely Knows

Where to begin to speak of  
 the many new and attractive  
 things in our line. Being on  
 the eve of the housewife's  
 most important season in  
 refurnishing, we are fully  
 prepared to cater to your  
 wants in the most thorough  
 and efficient manner.

## Carpets

are now selling rapidly. Be it a Body  
 Brussels, Tapestry, Axminster, Velvet  
 or Ingrain, we can please you. You  
 here select your choice from the  
 roll, and from the largest stock of car-  
 pets in Columbiana county. We  
 handle all the best weaves, the pro-  
 ducts of those mills which established  
 their reputation by the quality of their  
 goods and do not now go begging for  
 trade.

## Dining Room Sets

are an important factor in the makeup of  
 your house furnishings. You see a wide  
 range here, both in variety of styles and  
 range of prices.

## Parlor and Bed Room Suits

Are something you naturally take pride  
 in, something you do not buy every  
 season and you want to be exactly suited  
 when you invest. Look our line over and  
 you will be ready to make your selection.

## Rattan Rockers

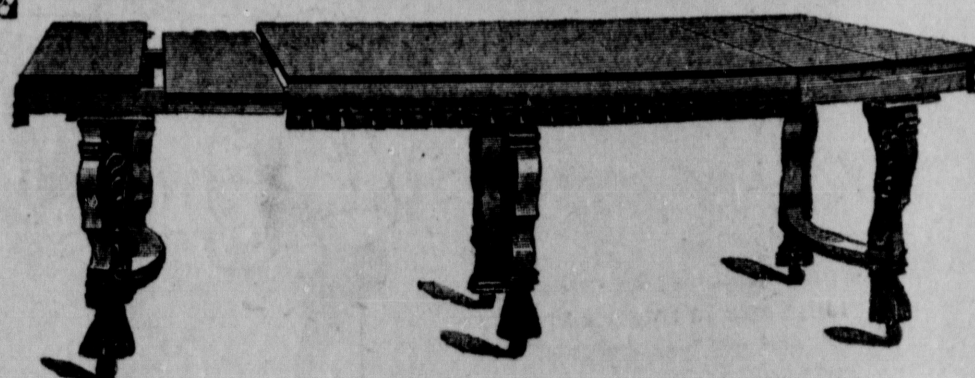

are now in the push again; a rocker  
 which is always in place whether in the  
 parlor or on the porch. We show a nice  
 line of these goods.

## Lace Curtains

are now looked after. We have them at  
 all prices.

If you havn't examined the

## Victor Extension Table

you should do so before buying a table. No trouble in  
 taking out the extra boards or finding a place to put  
 them. They are always in place. We have the exclusive  
 sale of this table. See it at

## TESTING THE CHILDREN

Examinations Will Begin Next Monday.

### THE SCHEDULE FOR THE WEEK

Superintendent Rayman Announces the Time When the Pupils of the Primary and Grammar Grades Will Be Tried. It is the Second.

Superintendent Rayman has arranged the schedule for the examinations to be held in the public schools. Under the system now in use three examinations are held in each school year, and this is the second. Only the primary and grammar grades will be tested, and the examinations will be held in every building in the city. The schedule is as follows:

Tuesday—Grammar, arithmetic and spelling; primary, numbers and spelling. Wednesday—Grammar, English grammar; primary, language work. Thursday—Grammar, geography and physiology; primary, geography and physiology. Friday—Grammar, American history; primary, reading.

All the examinations will be held in the morning.

### PARENTS' DAY

Took a Great Many People to the Public Schools.

Parents' Day was observed in the public schools yesterday afternoon, and a large number of visitors were present. Central building was especially favored, and the attendance was large.

A feature of the day was the display of map work in all the rooms. Maps of the county, state, Europe and an historical map of the United States, all the work of pupils in the schools, had been placed on the boards for the inspection of visitors. It was very good and attracted much attention. The scholars of Miss Smith's room were the recipients of especial compliments. In addition to this the children passed through the regular recitations of the afternoon.

The schools of East Liverpool are in splendid working condition, showing that an educator, organizer and splendid disciplinarian is in command. Professor Rayman is emphatically the right man in the right place, and he deserves warm commendation at the hands of the parents and guardians of the children of East Liverpool.

### CAME HOME CONVINCED

That This Country Is Preparing For a Warm Time.

Geo. H. Owen and Thos. H. Arbuckle returned today from Philadelphia, where they have been attending to business connected with the Mystic Circle.

While there the gentlemen visited the navy yard, and were surprised at the preparations for war they saw on every hand. A large number of men were waiting for examination, and it was only after much difficulty that the gentlemen were admitted. After spending as much time as the officers would allow and visiting one of the men-of-war they went away convinced of the earnestness of their Uncle Sam.

### ASHFORD OPPOSED IT.

He Was Against the Two Cent Fare Bill.

When the Bracken bill which provided that the legal rate for riding on the passenger trains running through the state of Ohio, was brought up for discussion in the house of representatives, Hon. P. M. Ashford, of Salineville, bitterly opposed the bill.

General Wiley made one of the best speeches of the afternoon in support of the measure, and Mr. Ashford answered it with a force which brought forth applause.

### AT THE CHRISTIAN CHURCH.

The Pictures Were Simply Superb—the Audience Delighted.

The cavalry charges, street scenes, bathing scenes and railroad scenes, true to life, won warm applause from the delighted audience, while the Klondike scenes were simply marvelous. By special request, the entertainment will be given again tonight, Saturday, March 19. You will regret it if you miss seeing these magnificent pictures on the vitascope. Admission, adults 25 and children 15 cents.

The Straube Piano. Smith & Phillips.

New Wall Paper.

See our elegant line of 1898 goods. Never was such a line shown in our city.

A. HULL'S.

5 and 10.

Vitascope pictures at Christian church tonight, March 19.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

### PERSONAL MENTION.

Read the News Review election bulletins this evening. Always the earliest. Always reliable.

—Prof. O. S. Reed has returned from Toronto.

—Prof. J. F. Cooper spent the day in Salineville.

—Robert Moore, of East End, spent the day in Pittsburg.

—Mrs. Goodwin and daughter, Miss Alice, spent the day in Pittsburg.

—William Hart will leave on the Virginia this evening for Ripley, Ark.

—James Wilson, who was visiting his brother here yesterday, left for Pittsburg this morning.

—Mrs. W. L. Taylor and daughter, Miss Pauline, are in Atlantic city where they will remain a few weeks.

### MINISTERS WILL MEET

To Decide on the Permanency of Their Organization.

The ministers of this city and Wells-ville will meet at the Young Men's Christian association Monday morning at 10:30 o'clock, the principal matter to be decided being the future of the organization. It is possible the organization will be made permanent.

Doctor Reager, of the First M. E. church, of Wellsville, will deliver an address on "Social Purity."

### Best Day of the Week.

The clerical force of the freight office are very busy making out receipts of spring goods now coming in. Considerable freight was received yesterday, and an increase in the amount was shown over the previous day.

At the outbound platform nearly 20 cars were sent out. All were well loaded, and it was considered the best day of the week.

Beautiful vitascope pictures at the Christian church tonight, Saturday, March 19. Don't miss them.

### Will Ask the Authorities.

A short time ago a young man of the city answered an advertisement offering a year's subscription to a paper and a Bible for \$3. He received the paper at once, but has not received the Bible, and although he has sent several letters to the firm the book has not arrived. He will appeal to the law, as he is of the opinion he has been duped.

### Business Is Improving.

Three cases have been filed in the court of Squire Hill but owing to the illness of Constable Lyon service will not be made for a few days. It was thought best to not appoint a special constable as the cases are not urgent and can be delayed a few days. They will not be made public until service is made.

See the wonderful vitascope living and movable pictures tonight, March 19, at Christian church.

### Brought Here For Burial.

The remains of Mrs. Ora Sheppard, who died in Pittsburg this morning, will be brought to this place for burial this evening. Deceased had been ill for some time with consumption which resulted in her death. She was a sister of Mrs. Salisbury, of Jefferson street, at whose residence the services will be held.

Read the News Review election bulletins this evening. Always the earliest. Always reliable.

### Small Boys Fought.

A fight between two small boys in Sixth street drew a large crowd. The boys waved knives and threatened to kill each other, but were separated before they had a chance to use them.

### No Arrests.

No arrests were made last night, and the only persons in the jail this morning were Mr. Hill and the city janitor.

## ARE COMING TOGETHER

Railroad Officials and Council Confer.

### BOTH SIDES WILLING TO SETTLE

Any Differences They Have Regarding Tanyard Run Sewer—A Proposition Submitted to Council—It Will Be Considered Next Tuesday.

Chief Engineer Newhall and S. F. Boyle, of the Cleveland and Pittsburg railroad, came to the city at noon, and were this afternoon in conference with council in the office of Engineer George.

All the members of council were present except Mr. Horwell and Mr. Ohlenhausen.

It was not a meeting of council at which business could be transacted, and the gentleman present were simply there to discuss the matter with the Pennsylvania representatives.

Mr. Boyle, who is an attorney for the company, submitted a proposition for the consideration of council. By it the company agree to pay \$2,009.75 for its share of the work already commenced on the Tanyard run sewer. He said the company was also willing to lift the injunction. Mr. Newhall and Mr. Boyle will also ask the railroad company to let them know at once, in order that they may report to council, the amount the company is willing to pay toward the completion of the sewer and whether the right of way to the river will be given free of charge.

The first proposition will be discussed at the next meeting of council.

The conference this afternoon shows that the company and council thoroughly understand each other, and are finding a basis on which a settlement of all differences can be readily reached.

### NEXT WEEK'S LIST.

Cases That Will Be Tried in Common Pleas.

LISBON, March 19.—[Special]—Following is the assignment of cases for next week: Monday—P. E. [Baughman] versus Pennsylvania company. Tuesday—Ida M. Foutts versus Patterson McDonald; James A. Robins, administrator, versus Hugh McPherson; Isabella McGilvery versus Hugh McPherson; E. P. Barnett versus John Sanor. Wednesday—C. L. Wolf versus Perry Sanor; Bella Guy versus Geo. S. Huston; H. C. Deidrick versus East Liverpool. Thursday—Sophia M. Wucherer versus Liverpool; James Nelson versus Liverpool; M. R. Campbell versus B. S. Ambler; W. G. Fawcett versus W. C. Boyle. Friday—Purdy, Baird & Co., versus Salem; Smith Bros. versus Samuel Shenton; Rebecca Cowgill versus Leonard Winter.

James E. Regal, of Salem, asked for a Partition of 42 acres of land in Perry township, claiming one-fourth interest. Aaron McDonald and Maud McDonald are made defendants. He also asks for the accounting of the rents and profits which he claims McDonald has received since 1887 and amounting to about \$1,200.

### For the Bashful Lover.

"Miss Daisy, you are writing to that little brother of yours who is visiting out west, aren't you?" "Yes. He's a dear little fellow. I miss him so much."

"He is indeed. Have you sealed the letter yet, Miss Daisy?" "Not yet."

"Add a postscript, if you please, and tell him I want to know how he would like me for a big brother."

(Demurely) "Mr. Spoonamore, it will be at least two weeks before you get an answer—if you ask him."

And the matter was settled in about two minutes.—Chicago Tribune.

### Early Fish Stories.

A local fisherman yesterday caught a six pound jack salmon in beaver creek. Edward Bratt yesterday at Walker caught a bass weighing five pounds and four ounces.

### An Infant Died.

An infant child of Mr. and Mrs. Robert J. Meekin, of Gardendale, died early this morning. It will be buried in Riverview cemetery Monday.

See the beautiful vitascope pictures tonight, March 19, at Christian church.

### Quiet at the Station.

No police calls were received at the fire station last night, and very few calls were answered during the week.

## WEALTH OF KLONDIKE.

Streams Already Located Are Said to Contain \$7,000,000.

Messrs. Rudolph Newman and James M. Wilson of the Alaska Commercial company are now in Canada to purchase goods for the posts of the company. Upon being asked for an estimate of the Klondike country and its richness Mr. Wilson replied:

"From the Klondike the aggregate amount of gold that will be brought out, it is estimated, is \$70,000,000—that is, from the streams already located. However, people who have not been there do not seem to understand that all this ground is already taken up and owned by the miners there or who have been there. Consequently a great many of the newcomers will be disappointed. Doubtless other fields will be discovered, but that is a question for prospectors to decide. It must be remembered that the country has been more or less prospected for ten years past, and it was only last year that gold was discovered in sensational quantities.

"The conditions of the trail this spring will be very much congested with the numbers rushing into the country, which are variously estimated at from 250,000 to 300,000 people. We consider this a moderate estimate. The present discoveries will not justify such an inrush, because we do not believe there will be work for the numbers. There is plenty of territory to prospect, but it cannot well be done successfully until the low water in the autumn, which generally takes place about August, so that there must be many disappointed ones.

"The Hunker, Dominion and Sulphur creeks as well as the Bear and numerous minor creeks are proving valuable far beyond expectations, especially the former three, and I consider that the Klondike boom is only in its infancy as yet."

—St. Louis Globe-Democrat.

### Postoffice Bill Considered.

WASHINGTON, March 19.—The house spent another day on the postoffice appropriation bill but only disposed of two pages of the bill. An effort to strike out the appropriation of \$225,000 for pneumatic tube mail service was defeated, but the opponents of the appropriation succeeded in securing the adoption of an amendment providing that no additional contracts should be made.

### Both Expensive.

Some of the stronger minded women are disposed to argue that a feather on the hat is no more cruel to the birds than a whole quail on toast and insist that both are designed to tickle the fancy of weak man.—Milwaukee Sentinel.

## MANY MEN ARE VOTING

Three Contests Are Exciting Much Attention.

### ONE POLLING PLACE CHANGED

But the Change Will Not Inconvenience Anyone—A Great Deal of Work Is Being Done by the Candidates and Their Friends in Every Ward.

The polling places for the Republican primaries opened at the appointed time, and in a very few minutes began the final test of an unusually vigorous campaign. In every precinct the voting was spirited, and it was freely prophesied that a large number of ballots would be cast before the hour for closing arrived.

The polling place in the First precinct of the Fourth ward was changed this afternoon to the storeroom owned by John Hall in Sixth street. It occasioned no inconvenience.

Some delay was occasioned in the the Second precinct of the Second ward because the ballots intended for the Fourth ward had been left there.

The battle raged this afternoon fiercely, attention being attracted to the mayoralty contest, the solicitorship and the fight for water works trustee. The friends of the different candidates are working hard, and all profess to be confident that their men will win.

There was some betting last night and a little this morning, but this afternoon money in support of the different candidates was not so plentiful.

Although all Republican women are allowed to vote for members of the board of education it was not so understood in the city, and they took no part in the election.

The Straube Piano. Smith & Phillips.

### Preaching in Pennsylvania.

Reverend Reinartz left at noon today for Wallrose, Pa. He will preach in the Lutheran church at that place tomorrow.

Read the News Review election bulletins this evening. Always the earliest. Always reliable.

## IT WORKED VERY WELL

### How Curt Welch Won a Close Game

#### BY HIS ARM AND HIS NERVE

Another Story of Liverpool's Famous Player, In Which His Favorite Pastime at a Critical Moment Is Again Brought to Light.

Curt Welch, formerly with the St. Louis Browns and later with Syracuse, won a game with a crack on his wrist from John Clarkson in 1886. The story is related in Sporting Life in this manner:

"One of the closest games of ball ever played in the west was one during the season of 1886 between the Chicago club and the St. Louis Browns at the Bridge city. The score was a tie at the end of the eighth inning—2 to 2—and the Browns were at the bat for the ninth time. Two were out and Curt Welch was at the bat with John Clarkson pitching for Anson's aggregation. Curt had two strikes tabbed against him and only one ball. One of Clarkson's slow teasers came sailing up and Curt sidetracked it with his wrist. In those days the batsman got his base if the ball hit him in the forearm, a rule that the committee has properly restored. Curt stole second, and Artie Latham scooped in one of Clarkson's swift ones. The ball went high and quite deep to Dalrymple, who was playing left field. It was an easy one for Dalrymple, but the big fielder shivered like a frightened fawn, and the ball bobbed out of his mit. Welch dashed down the line, turned the third corner, and slid across the home plate with the winning run. You would have thought Curt and Manager Comiskey were going to be married the way Comie grabbed Curt and hugged him, and this Romeo and Juliet scene was played by the other Browns."

The local ball players have not as yet succeeded in securing a manager, but it is thought C. M. Dix will again take hold of the team, and if he does the city will have a first class club.

Alf Shaw yesterday played first base for Pittsburgh, and had one hit, six put-outs, one assist and one error.

THOUSANDS OF TICKETS

Are Being Printed in the News Review Job Rooms.

The tickets used at the primaries today were printed in the job rooms of the News Review. There are 1,000 for each ward but the first, which because of its size is allowed 1,700. In addition 2,000 sample ballots were printed.

The News Review also secured the contracts for the tickets that will be used at the April election. There will on that day be distributed in the different precincts of the county 20,000 ballots.

#### The Endeavor Convention.

The Christian Endeavor convention of the New Brighton sub-district, Pittsburgh Conference Union of the Methodist Protestant church, ended last night in the Methodist Protestant church at New Brighton. During yesterday afternoon Reverend Swift delivered an excellent address.

Reverend Swift was also elected a member of the executive board, which consists of three members.

The Straube Piano.  
Smith & Phillips.

#### On the River.

The river during the night raised, and this morning the marks at the wharf registered 11 feet and stationary.

The regular Sunday boats, Kanawha, Keystone State and Ben Hur, will be up as usual. They are making good time, and are expected to arrive as scheduled.

The Virginia and Lorena are due down tonight, and the Bedford went down last night. Passed down—Defender, Rescue. Passed up—Bell McGowan.

#### 1898 Patterns

In reds, greens, blues, browns, terracotta, and all the new rich colorings. See them at

W. A. HILL'S,  
5 and 10.

#### Democrats Will Nominate.

The Democrats will meet tonight at city hall for the purpose of nominating a municipal ticket. The nomination for mayor will not take place until after the result of the Republican primaries is known.

The Straube Piano.  
Smith & Phillips.

## EPWORTH LEAGUE.

Lesson For the Week Beginning March 20.  
Comment by Rev. W. J. Yates, A. M.  
Topic, Strange Ways In Which  
God Leads Us.

SCRIPTURE READING.—Acts xiii, 45-49.

It is not in human nature to enjoy pain or to be pleased when troubles and dangers hedge in our path. Yet we often see, after we have passed through difficulties and trials, that they have been great blessings to us and that in no other way could we have been so benefited.

It seemed strange that the Jews of Antioch in Pisidia should refuse to listen to Paul and Barnabas. It was a trial to patience and faith and must have sorely tested the charity of heart and judgment of these Christian messengers to be so rejected by their own countrymen and coreligionists. But it led to the preaching of the gospel to the heathen and to the establishment of the Christian church on foundations of breadth and depth impossible if Jews alone had remained the influential ones in the work. The persecution of Paul and his sufferings in this region, especially at Lystra, where he was almost killed, must have had a deep effect upon the young man Timothy. He became converted and for many years was Paul's traveling companion and most intimate friend. The last message ever written by the apostle from his place of imprisonment in Rome was to this faithful helper and son in the gospel.

Pleasant paths are not always the most beneficial. When God seems to lead us in ways that are difficult and filled with peril or pain, it is wise to cling closely to Him in patience and faith. Some great blessing never before realized is often in waiting at the end of the pathway so narrow and hard.

Bishop D. A. Goodsell.

Special interest has been attached to the work of Bishop Goodsell during his two years of residence in Europe. He has had oversight of the work of the Methodist Episcopal church in Bulgaria, Denmark, Finland, Italy, north Ger-

BISHOP GOODSSELL.

many, Norway, south Germany, Sweden and Switzerland. He has held each conference twice and by personal inspection of each field has acquired knowledge of conditions, prospects and needs which will be of great value in planning the future operations of the church in these fields. He consummated the union of the Wesleyan Methodist missions of Germany with our own as one of his most important official acts. This was done after full debate and the consent of the Wesleyan conference and our own general conference as well as of all the churches and ministers connected with the mission. One of the most interesting exercises possible for the League is to have a series of evenings devoted to the representation of the various missions of our church.

#### Be Still.

Our modern life is full of hustle and rush and bustle. But noise is not an index of work done. The best machines often work most quietly. No soul can grow unless it takes time for quiet thinking alone with God. One can't be too busy. There is such a thing as attending too many meetings and doing too much work for others. Whoever neglects to cultivate intimate acquaintance with God in quietness and retirement alone fails to use the best means of growth in grace given to us. Stop the talking and doing for a little while; be still and know God.

#### The Joy of Service.

To be at work, to do things for the world, to turn the current of things about us at our will, to make our existence a positive element, even though it be no bigger than a grain of sand in this great system where we live—that is a new joy of which the idle man knows no more than the mole knows of sunshine or the serpent of the eagle's triumphant flight into the upper air. The man who knows, indeed, what it is to act, to work, cries out, "This alone is to live!"—Phillips Brooks.

#### Escaped After All.

A Denver girl the other day kidnaped a man, and, in spite of his protestations, marched him away to the depot, where she bought two tickets with money she had stolen from her brother. The couple were married, and after the money was gone, the new wedded pair escaped.—New York Tribune.

#### The Weather.

Rain; warmer; fresh southerly winds.

## WANTED.

WANTED—GIRL FOR HOUSEWORK. Must be experienced. Good wages paid. Inquire Mrs. J. E. McDonald, Thompson Place.

WANTED—TWO APPRENTICE GIRLS. Apply to Mrs. D. McDonald, milliner, 202 Market street.

## ORDINANCE NO. 550.

AN ORDINANCE TO IMPROVE MINERVA street from Walnut street to the east line of lot No. 3161.

Be it ordained by the Council of the City of East Liverpool, as follows (two-thirds of all the members elected thereto concurring):

SECTION 1. That the improvement of Minerva street from Walnut street to the east line of lot 3161 be proceeded with in accordance with the resolution to improve the said street, passed the 14th day of December, 1897, and the plans and specifications on file in the office of the city engineer, by grading the said street as called for in the "resolution to improve."

SECTION 2. That the cost and expense of the said improvement, including all damages that may be assessed in favor of any land owner, together with interest on bonds that may be issued, advertising, etc., shall be assessed on the property bounding and abutting on the said street, between the points above named, in accordance with the law and ordinances on the subject of assessments. The assessment, therefore, shall be paid in five annual installments if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance.

The following is the property to be assessed, to-wit: Lot No. lands on the north side of Minerva street and extending from Walnut street to Sophia street, 340 feet front and extending back 100 feet; lands on the north side of Minerva street and extending from Sophia street to Cadmus street and 100 feet deep; part of lot 924, 47 feet; part of lot 924, 83 feet; lot 2759, 80 feet; lot 2760, 40 feet; lot 2761, 40 feet; lot 2763, 40 feet; lot 2764, 40 feet; lot 2765, 40 feet; lot 2766, 40 feet; lot 2767, 40 feet; lot 2768, 40 feet; lot 2769, 40 feet; lot 2770, 40 feet; lot 2771, 40 feet; lot 2772, 40 feet; lot 2773, 40 feet; lot 1269, 30 feet; lot 1270, 30 feet; lot 1271, 30 feet; lot 1271, 30 feet; lot 1272, 30 feet; lot 1273, 30 feet; lot 1274, 30 feet; lot 1275, 30 feet; lot 1276, 30 feet; lot 1277, 30 feet; lot 1277, 30 feet; lot 1278, 41½ feet; lot 2739, 73½ feet; lot 3282, 35 feet; lot 3281, 33 feet; lot 3284, 32½ feet; lot 3279, 32½ feet; lot 3260, 30 feet; lot 3257, 125 feet; lot 3170, 27 feet; lot 3169, 30 feet; lot 3168, 30 feet; lot 3167, 30 feet; lot 3166, 30 feet; lot 3165, 30 feet; lot 3164, 30 feet; lot 3163, 30 feet; lot 3162, 30 feet; lot 3161, 30 feet.

SECTION 3. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.

Attest: J. N. HANLEY,  
City Clerk.

Published in the East Liverpool News Review March 16 1898.

## ORDINANCE NO. 549.

An Ordinance to Improve Oak street from Bradshaw avenue to Minerva street.

BE IT ORDAINED BY THE COUNCIL OF the city of East Liverpool, Ohio, as follows (two-thirds of all the members elected thereto concurring):

SECTION 1. That the improvement of Oak street be proceeded with in accordance with the resolution to improve said street, passed December 14, 1897, and the plans and specifications on file in the office of the City Engineer.

SECTION 2. That the cost and expense of the said improvement, including damages, if any, assessed in favor of any land owner, with interest on bonds issued, advertising, etc., shall be assessed on the lots and lands abutting and bounding on the said street between the points above named, and in accordance with the law and ordinances on the subject of assessments.

The assessments therefor shall be paid in five annual installments, if deferred, and the same collected by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance. The following designated property will be assessed, viz.: Lot No. 3268, 100 feet; Lot 3265, 30 feet; Lot 3264, 30 feet; Lot 3263, 30 feet; Lot 3262, 30 feet; Lot 3261, 30 feet; Lot 3260, 30 feet; Lot 3258, 28 feet; Lot 3259, 28 feet; Lot 3270, 30 feet; Lot 3271, 30 feet; Lot 3272, 30 feet; Lot 3273, 30 feet; Lot 3274, 30 feet; Lot 3275, 30 feet; Lot 3276, 100 feet.

SECTION 3. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 8th day of March, 1898.

GEORGE PEACH,  
President of Council.

Attest: J. N. HANLEY,  
City Clerk.

Published in the East Liverpool News Review March 16, 1898.

## The Connelly Gas Regulator

is metallic throughout, to sliding or rubbing contact of metals, or parts at any point. This eliminates all friction, insures accurate and reliable regulation of pressure and prevents wear. It will hold your gas fires to the exact point you set them at all hours during day or night. Your incandescent burners will give a much better light and the mantles will last twice as long with accurately regulated pressure. All waste of gas due to excessive or variation of pressure is prevented by this regulator, whether used for light or heat, and on all kinds of burners or heating appliances. We can submit hundreds of testimonials in support of every point claimed for this regulator. Catalogue on application.

### How Curt Welch Won a Close Game

#### BY HIS ARM AND HIS NERVE

Another Story of Liverpool's Famous Player, In Which His Favorite Pastime at a Critical Moment Is Again Brought to Light.

Curt Welch, formerly with the St. Louis Browns and later with Syracuse, won a game with a crack on his wrist from John Clarkson in 1886. The story is related in Sporting Life in this manner:

"One of the closest games of ball ever played in the west was one during the season of 1886 between the Chicago club and the St. Louis Browns at the Bridge city. The score was a tie at the end of the eighth inning—2 to 2—and the Browns were at the bat for the ninth time. Two were out and Curt Welch was at the bat with John Clarkson pitching for Anson's aggregation. Curt had two strikes tabbed against him and only one ball. One of Clarkson's slow teasers came sailing up and Curt sidetracked it with his wrist. In those days the batsman got his base if the ball hit him in the forearm, a rule that the committee has properly restored. Curt stole second, and Artie Latham scooped in one of Clarkson's swift ones. The ball went high and quite deep to Dalrymple, who was playing left field. It was an easy one for Dalrymple, but the big fielder shivered like a frightened fawn, and the ball bobbed out of his mit. Welch dashed down the line, turned the third corner, and slid across the home plate with the winning run. You would have thought Curt and Manager Comiskey were going to be married the way Commie grabbed Curt and hugged him, and this Romeo and Juliet scene was played by the other Browns."

The local ball players have not as yet succeeded in securing a manager, but it is thought C. M. Dix will again take hold of the team, and if he does the city will have a first class club.

Alf Shaw yesterday played first base for Pittsburg, and had one hit, six put-outs, one assist and one error.

## ORDINANCE NO. 550.

AN ORDINANCE TO IMPROVE MINERVA street from Walnut street to the east line of lot No. 3161. Be it ordained by the Council of the City of East Liverpool, as follows (two-thirds of all the members elected thereto concurring):

SECTION 1. That the improvement of Minerva street from Walnut street to the east line of lot 3161 be proceeded with in accordance with the resolution to improve the said street, passed the 14th day of December, 1897, and the plans and specifications on file in the office of the city engineer, by grading the said street as called for in the "resolution to improve."

SECTION 2. That the cost and expense of the said improvement, including all damages that may be assessed in favor of any land owner, together with interest on bonds that may be issued, advertising, etc., shall be assessed on the property bounding and abutting on the said street, between the points above named, in accordance with the law and ordinances on the subject of assessments. The assessment, therefore, shall be paid in five annual installments if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance.

The following is the property to be assessed, to-wit: Lot No. lands on the north side of Minerva street and extending from Walnut street to Sophia street, 340 feet front and extending back 100 feet; lands on the north side of Minerva street and extending from Sophia street to Cadmus street and 100 feet deep; part of lot 924, 47 feet; part of lot 924, 83 feet; lot 2759, 80 feet; lot 2760, 40 feet; lot 2761, 40 feet; lot 2763, 40 feet; lot 2764, 40 feet; lot 2765, 40 feet; lot 2766, 40 feet; lot 2767, 40 feet; lot 2768, 40 feet; lot 2769, 40 feet; lot 2770, 40 feet; lot 2771, 40 feet; lot 2772, 40 feet; lot 2773, 40 feet; lot 1269, 30 feet; lot 1270, 30 feet; lot 1271, 30 feet; lot 1272, 30 feet; lot 1273, 30 feet; lot 1274, 30 feet; lot 1275, 30 feet; lot 1276, 30 feet; lot 1277, 30 feet; lot 1277, 30 feet; lot 1278, 41½ feet; lot 2789, 73½ feet; lot 3282, 33 feet; lot 3281, 33 feet; lot 3280, 32½ feet; lot 3279, 32½ feet; lot 3280, 30 feet; lot 3257, 125 feet; lot 3170, 27 feet; lot 3169, 30 feet; lot 3168, 30 feet; lot 3167, 30 feet; lot 3166, 30 feet; lot 3165, 30 feet; lot 3164, 30 feet; lot 3163, 30 feet; lot 3162, 30 feet; lot 3161, 30 feet.

SECTION 3. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 8th day of March, 1898.

GEORGE PEACH.

President of Council.

Attest: J. N. HANLEY,  
City Clerk.

Published in the East Liverpool NEWS REVIEW March 16 1898.

## ORDINANCE NO. 549.

An Ordinance to Improve Oak street from Bradshaw avenue to Minerva street.

BE IT ORDAINED BY THE COUNCIL OF the city of East Liverpool, Ohio, as follows (two-thirds of all the members elected thereto concurring):

SECTION 1. That the improvement of Oak street be proceeded with in accordance with the resolution to improve said street, passed December 14, 1897, and the plans and specifications on file in the office of the City Engineer.

SECTION 2. That the cost and expense of the said improvement, including damages, if any, assessed in favor of any land owner, with interest on bonds issued, advertising, etc., shall be assessed on the lots and land abutting and bounding on the said street between the points above named, and in accordance with the law and ordinances on the subject of assessments.

The assessments therefor shall be paid in five annual installments, if deferred, and the same collected by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance. The following designated property will be assessed, viz.: Lot No. 3268, 100 feet; Lot 3265, 30 feet; Lot 3264, 30 feet; Lot 3263, 30 feet; Lot 3262, 30 feet; Lot 3261, 30 feet; Lot 3260, 30 feet; Lot 3259, 30 feet; Lot 3258, 28 feet; Lot 3259, 28 feet; Lot 3270, 30 feet; Lot 3271, 30 feet; Lot 3272, 30 feet; Lot 3273, 30 feet; Lot 3274, 30 feet; Lot 3275, 30 feet; Lot 3276, 100 feet.

SECTION 3. That this ordinance shall take effect and be in force from and after its passage and legal publication.

Passed this 8th day of March, 1898.

GEORGE PEACH.

President of Council.

## The Connelly Gas Regulator

is metallic throughout, to sliding or rubbing contact of metals, or parts at any point. This eliminates all friction, insures accurate and reliable regulation of pressure and prevents wear. It will hold your gas fires to the exact point you set them at all hours during day or night. Your incandescent burners will give a much better light and the mantles will last twice as long with accurately regulated pressure. All waste of gas due to excessive or variation of pressure is prevented by this regulator, whether used for light or heat, and on all kinds of burners or heating appliances. We can submit hundreds of testimonials in support of every point claimed for this regulator. Catalogue on application.

# IT'S WARMIN IRONDALE

But It Will Be Warmer In a Week or Two.

## MINISTER RECEIVED A LETTER

Which Told Him That It Would Be Better If He Quietly Packed His Grip and Left the Town—Saloons May Again Be Opened.

Although the saloons of Irondale will close this evening in accordance with an order issued by the council of that busy little village, the warmest political fight in the history of the town is on and the prophet is freely made that the new council will rescind the order.

After the murder of Sam Gilson the demand for the closing of the saloons was strong and the authorities did as the people desired, the order to become operative this evening. Then the saloon men and their friends got down to work. They declared the new council would change matters, and the fight began. The temperance people did not give up the battle and entered the contest with a will. Each day the battle has waxed warmer. Yesterday one of the leading ministers received an anonymous letter advising him to leave town at once, and the spreading of the report caused no little excitement. It was understood that the gentleman would stay right in Irondale and would battle, as he has always battled, against the power of whisky.

## EXCEPTIONALLY FAVORABLE

Are the Reports From the Potting Districts of This Country.

In summing up the potting trade for the week China, Glass and Lamps has this to say:

"Reports from the pottery manufacturing districts are without exception favorable. The factories are all in operation as far as we are informed and shipments are much better than was anticipated a month ago. Even with the falling off in demand which succeeded the close of the holiday season none of the establishments seem to be accumulating much stock though they have been working pretty regularly except for a short period after New Year's devoted to stock taking and necessary repairs. Better and more artistic shapes are being produced by the home potteries this season than ever before, they are showing more of a variety, and the decorations cannot be surpassed. It is no empty boast to say that American potters are putting as good ware on the market as competitors in the same lines abroad are doing and this fact is being recognized by the trade and consumers, as the steady demand for the domestic product shows."

## The Straube Piano. Smith & Phillips.

### THEY CHEERED.

Allusions to Havana and the Maine Aroused the Crowd.

The presentation of a "Contented Woman" drew a large crowd to the Grand last evening. The play was all that had been promised, and because the lady in question was a candidate for office and the primaries are being held tonight, the crowd entered into the spirit of the performance and the many telling hits were received with applause.

The greatest demonstration, however, greeted those of the players who made any reference to the loss of the Maine or the prospective war with Spain. The audience, enthusiastic before, became almost wild and the applause was much prolonged. There is no denying the patriotism of the average Liverpool assemblage.

### Reverend Reed in Toronto.

Reverend Schiverea was due to preach in Toronto Thursday night, but he could not be there, and Prof. O. S. Reed of this city, took his place. The gentleman preached a powerful sermon, and was highly complimented by the large audience.

## The Straube Piano. Smith & Phillips.

### President Holmes Resigned.

Word was received in the city this morning announcing the resignation of Rev. N. M. Holmes, president of the Methodist Episcopal college at Beaver. It was presented to the trustees of the institution. What his plans for the future are he has not indicated.

## CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 20. Comment by Rev. S. H. Doyle. TOPIC.—The evils of intemperance.—Prov. xxiii, 20, 21, 29-35.

Intemperance is one of the greatest curses of humanity. Its evils are innumerable and indescribable. It destroys men bodily, mentally, morally and spiritually. It debauches a man absolutely and completely. It has been doing so for centuries, and yet it still finds those who are willing to be debauched. It is one of the greatest mysteries of modern civilization that intemperance has not been stamped out of existence either by legislation or by the voluntary actions of men in giving up that which has only proved a curse and ruin to man the world over. But progress is being made in the cause of temperance. More and more the drink traffic is being outlawed. More and more men who persist in surrendering themselves to strong drink are being considered unfitted for responsible duties in life. The time was when public men could openly display their drunkenness with impunity, but that time has happily passed forever. It's a dangerous as well as a disgraceful thing today for a public man to have the charge of drunkenness proved against him. In these things at least the public conscience is being aroused, and the cause of temperance is advancing. The Christian Endeavor society should use all its influence to destroy this evil in our land.

Solomon in the verses quoted points out some of the evils of intemperance.

1. Intemperance brings poverty. "Be not among wine bibbers, among riotous eaters of flesh, for the drunkard and the glutton shall come to poverty" (verses 20, 21). How many have learned by an awful experience that this is true? Drink brings thousands to poverty. It impoverishes body, mind and soul. It robs homes of furniture and the comforts of life; it robs faithful wives of the love and care of husbands; it robs children of their clothing and of daily bread. It numbers in its poverty stricken hosts more than were ever impoverished by war, famine or pestilence. How can a man take that into himself which robs him of reason, of wealth, of home, of love, of honor, of position, of friends, of God? Poor indeed is he who has lost all these.

2. Intemperance brings countless evils, woe, babbling, wounds without cause, redness of eyes. Into what countless woes and babbings one deprived of reason by drink comes! How many wounds he receives that would not have been caused but for drink!

3. Intemperance leads to nearly all other sins and crimes (verses 29-35). Were it not for drunkenness our prison doors might almost be closed.

4. Intemperance alienates from God and separates from heaven (Gal. v, 21). Bible Readings.—Lev. x, 9, 10; Isa. v, 11; xxviii, 1-4; Joel i, 5; Amos vi, 1-6; Num. vi, 1-4; Deut. xxi, 18-21; Nah. i, 10; Rom. xiii, 12-14; I Cor. vi, 10; Gal. v, 19-26; Eph. v, 18; I Pet. iv, 1-5; Rev. xxii, 12-15.

### The Parting of the Paths.

We see the good—a way that may have to be reached, as one fights with tempests on the mountain top, but which, when reached, is a path of pleasantness and peace. We see the wrong—a way too often adorned with specious promises of ease and plenty, but which leads at last into doubt and disappointment and despair. We see the human soul here on this earth placed forever at the parting of these paths, where it must choose its way and abide the consequences of its choice, however angels may plead or demons may cajole. We see these paths reaching out into an endless future, and, though we dare not predict to what depths of infamy and woe the one course may or may not at last descend, we dare to say that whoever, through the way of sacrifice, has climbed the heavenly steeps shall receive as his reward gifts worthy to be carried throughout eternity with solemn gratitude and sacred awe.—Christian Register.

### The Sunday School Army.

Rev. Dr. James A. Worden, superintendent of the Sunday school department of the northern Presbyterian church, is endeavoring to secure 500,000 more Sunday school scholars before April 1, 1901, and thus celebrate the opening of the twentieth century. The Sunday school army of this church already numbers 1,000,000.

### Shut In Endeavorers.

That unique Christian Endeavor society, the Shut In Endeavor band, has seven members in seven different states—Massachusetts, Maine, New Hampshire, Illinois, Virginia Maryland and Minnesota. Letters concerning it should be addressed to Mrs. C. C. Winters, Howley, Minn.

### A Scotch Criticism.

"Ah, say, mister, you preached a goodish sermon tonight, but if it had been cut short at beat ends and se afore in the middle it wad a dean us mare good!"—Exchange.

### A Voice From the Prairies.

Whisper it as a secret, but with wheat \$1.25 a bushel the number of plowshares which in case of war will be changed into swords is not going to prostrate the blacksmith with fatigue.—Wichita Eagle.

## RESOLUTION

Declaring it Necessary to Improve Monroe street from Fifth street to Sixth street.

**RESOLVED**, By the Council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that it is deemed necessary to improve Monroe street from Fifth street to Sixth street by grading and paving the roadway, grading and paving the sidewalks (where not already paved) and setting the curbs, and whatever is necessary to make a complete job. The work is to be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and expense of the said improvement shall be levied and assessed on the property bounding and abutting thereon, in accordance with the law and ordinances on the subject of assessments. The assessments therefor shall be paid in five annual installments, if deferred, and the same collected as required by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments unless the property owners pay their assessments before the bonds are issued and within the time specified in the assessing ordinance, and the City Clerk is hereby directed to have this resolution published and to cause legal notice of the passage of this resolution to be served on the proper persons and make returns as required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

Published in the NEWS REVIEW March 16 and 19, 1898.

## RESOLUTION

Declaring it Necessary to Improve Jackson street from Fifth street to Seventh street.

**RESOLVED**, By the Council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that it is deemed necessary to improve Jackson street from Fifth street to Seventh street, in the following manner, to-wit: The roadway shall be paved with the best quality of paving bricks set on their edges. The curbing for the sidewalks shall be set with new curbing where not already curbed, and the old curbing shall be redressed and reset where deemed necessary. The sidewalks shall be paved where not already paved. All grading required to get the required bed for the pavement shall be done and whatever else may be found necessary to make a complete job. The work shall be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision.

The cost and expense of the said improvement shall be levied and assessed on the property bounding and abutting on the said street, in accordance with the law and ordinances on the subject of assessments. The assessments therefor shall be paid in five annual installments, if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their installments before the bonds are issued and within the time prescribed in the assessing ordinance, and the City Clerk is hereby directed to have this resolution published and to have the proper persons notified of the passage of this resolution and make return as required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

Published in the NEWS REVIEW March 16 and 19, 1898.

## RESOLUTION

Declaring it Necessary to Improve Jefferson street from Fifth street to Sixth street.

**RESOLVED**, That in the opinion of the Council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), it is necessary to improve Jefferson street from Fifth street to Sixth street by grading the roadway thereof, resetting the old curb where necessary, setting new curbs where necessary, paving the roadway with the best quality of well burned paving bricks set on their edges, relaying the sidewalks where necessary and doing all that is necessary to make a complete job. The work is to be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and all expense of the said improvement shall be assessed on the property bounding and abutting thereon, according to the law and ordinances on the subject of assessments. The assessments therefor shall be paid in five annual installments, if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance, and the City Clerk is hereby authorized to have this resolution published in a newspaper of general circulation within the corporation and to cause notice of the passage of this resolution to be served on the proper persons and make return as required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

Published in the NEWS REVIEW March 16 and 19, 1898.

## RESOLUTION

Declaring it Necessary to Improve Avondale street from Bank street to North street.

**RESOLVED**, By the Council of the City of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that it is deemed necessary to improve Avondale street from Bank street to North street in the following manner, to-wit: The street shall be graded its entire width and the sidewalk on the east side of the street shall be constructed by setting curbing and paving, and the side drain on the east side of the roadway shall be paved and whatever may be found necessary to make a complete job shall be done.

The curbing shall be of the best sandstone, and the paving shall be done with the best quality of roadway paving bricks. The work shall be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and expense of the above improvement shall be levied and assessed on the property bounding and abutting thereon, in accordance with the law and ordinances on the subject of assessments and in the manner that Council shall specify in the ordinance authorizing the said improvement, and the City Clerk is hereby directed to have this resolution published and to cause legal notice of the passage of this resolution to be served on the proper persons and make return required by law.

Passed this 8th day of March, 1898.

# IT'S WARMIN IRONDALE

But It Will Be Warmer In a Week or Two.

## MINISTER RECEIVED A LETTER

Which Told Him That It Would Be Better If He Quietly Packed His Grip and Left the Town—Saloons May Again Be Opened.

Although the saloons of Irondale will close this evening in accordance with an order issued by the council of that busy little village, the warmest political fight in the history of the town is on and the prophesy is freely made that the new council will rescind the order.

After the murder of Sam Gilson the demand for the closing of the saloons was strong and the authorities did as the people desired, the order to become operative this evening. Then the saloon men and their friends got down to work. They declared the new council would change matters, and the fight began. The temperance people did not give up the battle and entered the contest with a will. Each day the battle has waxed warmer. Yesterday one of the leading ministers received an anonymous letter advising him to leave town at once, and the spreading of the report caused no little excitement. It was understood that the gentleman would stay right in Irondale and would battle, as he has always battled, against the power of whisky.

## EXCEPTIONALLY FAVORABLE

Are the Reports From the Potting Districts of This Country.

In summing up the potting trade for the week China, Glass and Lamps has this to say:

"Reports from the pottery manufacturing districts are without exception favorable. The factories are all in operation as far as we are informed and shipments are much better than was anticipated a month ago. Even with the falling off in demand which succeeded the close of the holiday season none of the establishments seem to be accumulating much stock though they have been working pretty regularly except for a short period after New Year's devoted to stock taking and necessary repairs. Better and more artistic shapes are being produced by the home potteries this season than ever before, they are showing more of a variety, and the decorations cannot be surpassed. It is no empty boast to say that American potters are putting as good ware on the market as competitors in the same lines abroad are doing and this fact is being recognized by the trade and consumers, as the steady demand for the domestic product shows."

## The Straube Piano. Smith & Phillips.

### THEY CHEERED.

Allusions to Havana and the Maine Aroused the Crowd.

The presentation of a "Contented Woman" drew a large crowd to the Grand last evening. The play was all that had been promised, and because the lady in question was a candidate for office and the primaries are being held tonight, the crowd entered into the spirit of the performance and the many telling hits were received with applause.

The greatest demonstration, however, greeted those of the players who made any reference to the loss of the Maine or the prospective war with Spain. The audience, enthusiastic before, became almost wild and the applause was much prolonged. There is no denying the patriotism of the average Liverpool assemblage.

### Reverend Reed in Toronto.

Reverend Schiverea was due to preach in Toronto Thursday night, but he could not be there, and Prof. O. S. Reed of this city, took his place. The gentleman preached a powerful sermon, and was highly complimented by the large audience.

## The Straube Piano. Smith & Phillips.

### President Holmes Resigned.

Word was received in the city this morning announcing the resignation of Rev. N. M. Holmes, president of the Methodist Episcopal college at Beaver. It was presented to the trustees of the institution. What his plans for the future are he has not indicated.

You've heard the "darkey" minstrels. Now hark to the Spinstrels. Grand Opera House March 21 and 22.

The NEWS REVIEW for news.

## CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 20.

Comment by Rev. S. H. Doyle. TOPIC.—The evils of intemperance.—Prov. xxiii, 30, 31, 29-35.

Intemperance is one of the greatest curses of humanity. Its evils are innumerable and indescribable. It destroys men bodily, mentally, morally and spiritually. It debauches a man absolutely and completely. It has been doing so for centuries, and yet it still finds those who are willing to be debauched. It is one of the greatest mysteries of modern civilization that intemperance has not been stamped out of existence either by legislation or by the voluntary actions of men in giving up that which has only proved a curse and ruin to man the world over. But progress is being made in the cause of temperance. More and more the drink traffic is being outlawed. More and more men who persist in surrendering themselves to strong drink are being considered unfitted for responsible duties in life. The time was when public men could openly display their drunkenness with impunity, but that time has happily passed forever. It's a dangerous as well as a disgraceful thing today for a public man to have the charge of drunkenness proved against him. In these things at least the public conscience is being aroused, and the cause of temperance is advancing. The Christian Endeavor society should use all its influence to destroy this evil in our land.

Solomon in the verses quoted points out some of the evils of intemperance.

1. Intemperance brings poverty. "Be not among wine bibbers, among riotous eaters of flesh, for the drunkard and the glutton shall come to poverty" (verses 20, 21). How many have learned by an awful experience that this is true? Drink brings thousands to poverty. It impoverishes body, mind and soul. It robs homes of furniture and the comforts of life; it robs faithful wives of the love and care of husbands; it robs children of their clothing and of daily bread. It numbers in its poverty stricken hosts more than were ever impoverished by war, famine or pestilence. How can a man take that into himself which robs him of reason, of wealth, of home, of love, of honor, of position, of friends, of God? Poor indeed is he who has lost all these.

2. Intemperance brings countless evils, woe, babbling, wounds without cause, redness of eyes. Into what countless woes and babbings one deprived of reason by drink comes! How many wounds he receives that would not have been caused but for drink!

3. Intemperance leads to nearly all other sins and crimes (verses 29-35). Were it not for drunkenness our prison doors might almost be closed.

4. Intemperance alienates from God and separates from heaven (Gal. v, 21). Bible Readings.—Lev. x, 9, 10; Isa. v, 11; xxviii, 1-4; Joel i, 5; Amos vi, 1-6; Num. vi, 1-14; Deut. xxi, 18-21; Nah. i, 10; Rom. xiii, 12-14; I Cor. vi, 10; Gal. v, 19-26; Eph. v, 18; I Pet. iv, 1-5; Rev. xxii, 12-15.

### The Parting of the Paths.

We see the good—a way that may have to be reached, as one fights with tempests on the mountain top, but which, when reached, is a path of pleasantness and peace. We see the wrong—a way too often adorned with specious promises of ease and plenty, but which leads at last into doubt and disappointment and despair. We see the human soul here on this earth placed forever at the parting of these paths, where it must choose its way and abide the consequences of its choice, however angels may plead or demons may cajole. We see these paths reaching out into an endless future, and, though we dare not predict to what depths of infamy and woe the one course may or may not at last descend, we dare to say that whoever, through the way of sacrifice, has climbed the heavenly steeps shall receive as his reward gifts worthy to be carried throughout eternity with solemn gratitude and sacred awe.—Christian Register.

### The Sunday School Army.

Rev. Dr. James A. Worden, superintendent of the Sunday school department of the northern Presbyterian church, is endeavoring to secure 500,000 more Sunday school scholars before April 1, 1901, and thus celebrate the opening of the twentieth century. The Sunday school army of this church already numbers 1,000,000.

### Shut In Endeavorers.

That unique Christian Endeavor society, the Shut In Endeavor band, has seven members in seven different states—Massachusetts, Maine, New Hampshire, Illinois, Virginia Maryland and Minnesota. Letters concerning it should be addressed to Mrs. C. C. Wonters, Howley, Minn.

### A Scotch Criticism.

"Ah, say, mister, you preached a goodish sermon tonight, but if it had been cut short at both ends and set afire in the middle it was a dean us mare good!"—Exchange.

### A Voice From the Prairies.

Whisper it as a secret, but with wheat \$1.25 a bushel the number of plowshares which in case of war will be changed into swords is not going to be changed into swords with fatigue. prostrate the blacksmith with fatigue. —Wichita Eagle.

## RESOLUTION

Declaring It Necessary to Improve Monroe street from Fifth street to Sixth street.

**RESOLVED**, By the Council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that it is deemed necessary to improve Monroe street from Fifth street to Sixth street by grading and paving the roadway, grading and paving the sidewalks (where not already paved) and setting the curbs, and whatever is necessary to make a complete job.

The work is to be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and expense of the said improvement shall be levied and assessed on the property bounding and abutting thereon, in accordance with the law and ordinances on the subject of assessments. The assessments therefor shall be paid in five annual installments, if deferred, and the same collected as required by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments unless the property owners pay their assessments before the bonds are issued and within the time specified in the assessing ordinance, and the City Clerk is hereby directed to have this resolution published and to cause legal notice of the passage of this resolution to be served on the proper persons and make returns as required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

Published in the NEWS REVIEW March 16 and 19, 1898.

## RESOLUTION

Declaring It Necessary to Improve Jackson street from Fifth street to Seventh street.

**RESOLVED**, By the Council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that it is deemed necessary to improve Jackson street from Fifth street to Seventh street, in the following manner, to-wit: The roadway shall be paved with the best quality of paving bricks set on their edges. The curbing for the sidewalks shall be set with new curbing where not already curbed, and the old curbing shall be redressed and reset where deemed necessary. The sidewalks shall be paved where not already paved. All grading required to get the required grade for the pavement shall be done and whatever else may be found necessary to make a complete job. The work shall be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision.

The cost and expense of the said improvement shall be levied and assessed on the property bounding and abutting on the said street, in accordance with the law and ordinances on the subject of assessments. The assessments therefor shall be paid in five annual installments, if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their installments before the bonds are issued and within the time prescribed in the assessing ordinance, and the City Clerk is hereby directed to have this resolution published and to have the proper persons notified of the passage of this resolution and make return as required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

Published in the NEWS REVIEW March 16 and 19, 1898.

## RESOLUTION

Declaring it Necessary to Improve Jefferson street from Fifth street to Sixth street.

**RESOLVED**, That in the opinion of the Council of the city of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), it is necessary to improve Jefferson street from Fifth street to Sixth street by grading the roadway thereof, resetting the old curb where necessary, setting new curbs where necessary, paving the roadway with the best quality of well burned paving bricks set on their edges, relaying the sidewalks where necessary and doing all that is necessary to make a complete job. The work is to be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and all expense of the said improvement shall be levied and assessed on the property bounding and abutting thereon, according to the law and ordinances on the subject of assessments. The assessments therefor shall be paid in five annual installments, if deferred, and the same collected as provided by law and in the assessing ordinance hereafter to be passed. Bonds will be issued in anticipation of the collection of the assessments, unless the property owners pay their assessments before the bonds are issued and within the time prescribed in the assessing ordinance, and the clerk is hereby authorized to have this resolution published in a newspaper of general circulation within the corporation and to cause notice of the passage of this resolution to be served on the proper persons and make return as required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

Published in the NEWS REVIEW March 16 and 19, 1898.

## RESOLUTION

Declaring It Necessary to Improve Avondale street from Bank street to North street.

**RESOLVED**, By the Council of the City of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring), that it is deemed necessary to improve Avondale street from Bank street to North street in the following manner, to-wit: The street shall be graded its entire width and the sidewalk on the east side of the street shall be constructed by setting curbing and paving, and the side drain on the east side of the roadway shall be paved and whatever may be found necessary to make a complete job shall be done.

The curbing shall be of the best sandstone, and the paving shall be done with the best quality of roadway paving bricks. The work shall be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and expense of the above improvement shall be levied and assessed on the property bounding and abutting thereon, in accordance with the law and ordinances on the subject of assessments and in the manner that Council shall specify in the ordinance authorizing the said improvement, and the City Clerk is hereby directed to have this resolution published and to cause legal notice of the passage of this resolution to be served on the proper persons and make return required by law.

Passed this 8th day of March, 1898.  
GEORGE PEACH,  
President of Council.  
Attest: J. N. HANLEY,  
City Clerk.

## See! See!! See!!! What?

SEE what FRANCIS L. YORK, A. M., private pupil of Alex. Guilman, Paris; teacher of piano; organist and choir director Cass avenue Methodist church, and Temple Bethel, Detroit, Mich., says of the CLIFFORD PIANO.

DETROIT, MICH., Feb. 14, 1895.

MY DEAR MR. CLEMENT:

After having examined with considerable care and tested in various ways the Clifford Piano at your warerooms, I am glad to be able to say that I am much pleased with it. I was particularly impressed with the evenness of the scale and the good quality of tone throughout. The action is also firm and elastic.

Yours truly,

TO THE ADVERTISERS.  
The Evening News Review has the largest bona fide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.  
**HARRY PALMER,**  
Owner and Manager.

TO BUSINESS MEN.  
The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

LOCAL BREVITIES.  
Read the News Review election bulletins this evening. Always the earliest. Always reliable.

Mrs. B. R. Harker will entertain next Tuesday evening.

Born to Mr. and Mrs. Sarbin, of Third street, a daughter.

The Rechabites will hold a social in their rooms this evening.

This is big pay today. A large amount of money will be distributed.

Miss Minter, of Arcadia, is the guest of her sister, Mrs. C. T. Hard, of Third street.

The street force are this afternoon gathering up the paper in the paved streets.

The Builders' exchange held an interesting meeting in their rooms in Sixth street last night.

J. F. Hickman, superintendent of the Ohio experimental station at Wooster, was in the city today on business.

The household effects of C. A. Chute were sent from the depot to Harvey, Ill., yesterday. The place is a suburb of Chicago.

Hugh Maley, of Avondale street, who was injured at the passenger station some months ago, was out today for the first time.

J. E. Goddard and family will leave Tuesday for their new home in Cleveland where Mr. Goddard will assume charge of a stock farm.

A box social was held last evening at the home of Miss Alma Marshall in Chester for the benefit of the chapel. A snug sum was netted.

Business at the office of the township trustees is slowly decreasing, the warm weather causing a considerable falling off in their coal bills.

This morning 30 large cans of powder were reshipped from the lower freight depot to Empire. They were loaded in the wrong car at Pittsburg.

This morning at 8 o'clock 32 cars of coke passed through the city going west. This is the largest amount of coke that has gone through for many weeks.

The funeral of Miss Minnie Foster took place this afternoon from her late home in Pennsylvania avenue. Interment was made at Riverview.

Chief Johnson returned home from Lisbon yesterday afternoon. He delivered William Bradley, who is being held for court, to the county jail.

The case of David Allison against Wallace & Chetwynd for \$44.88, claimed due for goods sold and delivered, is being heard this afternoon by Squire Rose.

Dick Albright and family, of East Palestine, are in the city visiting friends. Mr. Albright is preparing to carry on a vigorous canvass for the nomination for sheriff.

The dog poisoner has made his appearance in the city again, and a number of poor animals have swallowed the deadly button. The deaths last recorded occurred in West End.

The other day a resident of the city died, and before the announcement had been made public an hour a number of persons were endeavoring to rent the house where he had resided.

There is little improvement in the condition of C. T. Hard, who was injured Tuesday night. The attending physician stated he would be compelled to stay in bed three months.

Rev. W. H. Gladden, formerly pastor of the Methodist Protestant church, yesterday delivered the response at the Christian Endeavor convention of the Pittsburg convention held in New Brighton.

A case of fever in East End was this morning reported to the township trustees to have them care for the patient. It was also requested that they furnish a nurse, but it will not be done unless the case is a serious one and the patient does not have the proper care.

## TRADE STILL GROWS.

Neither Peace Nor War Reports Effect It.

A BIG EXPORT OF PRODUCTS.

Bessemer Pig and Grey Forge Slightly Stronger at Pittsburg—Carnegie Company Sells Deck Plates to English Shipbuilders—Wheat Advanced.

NEW YORK, March 19.—R. G. Dun & Co.'s Weekly Review of Trade, issued today says: Neither peace nor war reports have changed the onward current of business. Orders for more than \$25,500,000 gold from Europe have blocked any drift toward stringency in rates for money, and treasury receipts of about \$1,100,000 per day have kept in check any question about the currency, while exports of products have continued at a rate considerably increased, and the demand for products of the great industries shows steady expansion. Prompt action by the senate and house has removed all fear of embarrassment through conflicting purposes at Washington.

The backbone of the situation is the excess of merchandise exports, more than \$41,000,000 in February, with an increase of \$2,200,000 in miscellaneous products, \$2,100,000 in provisions, \$4,500,000 in cotton and \$7,000,000 compared with last year and \$15,000,000 in all products. In two weeks of March exports have been 16 per cent larger than last year, and imports have gained but 8.7 per cent, although especially swelled by receipts of India rubber, sugar and hides.

Wheat also moves in spite of all speculation. Atlantic exports, flour included, have been 1,824,569 bushels, against 1,253,390 last year, and from Pacific ports, 1,371,826 bushels, against 268,505 last year, making for three weeks, from both coasts, 10,659,125 bushels, against 4,538,441 last year. The price closed one-fourth cent higher for the week. Wool shows no change in quotations, though eastern markets are extremely dull and the indifference of manufacturers has made transactions only 2,062,300 pounds, against 10,891,000 for corresponding week last year, and 5,088,200 for the corresponding week in 1892.

Bessemer pig and Grey forge are both slightly stronger at Pittsburg, the proposed combination of valley furnaces helping, but pig is not changed in price elsewhere, nor are finished products at any point, excepting wire nails, which are five points per keg weaker, and steel rails, which are said to be sold at \$17.50 at the east by some establishments. Contracts have been made for 10,000 tons with eastern works for domestic delivery, 12,000 tons for Australia, 8,000 tons with 7,000 tons bridge work for South Africa and the Illinois Steel company is filled with orders for the year. The Carnegie company has sold 5,000 tons of deck plates to shipbuilders of England, and several Chicago orders for plates exceeding 1,000 tons each are for railroads, car and agricultural implement manufacturers and projectile works. The wire combination, having failed to effect the broader arrangement contemplated, is seeking to complete control of about 80 per cent of the wire output of the country. Failures for the week have been 208 in the United States, against 216 last year, and 27 in Canada, against 50 last year.

### ENGLAND IS SURPRISED.

No Idea Entertained of Interfering in Affairs of Hawaii.

LONDON, March 19.—The government of Great Britain is surprised at the report of the United States senate committee on foreign relations, which after presenting a joint resolution for the annexation of Hawaii, set forth that Great Britain was plotting for the absorption of Hawaii.

A high official of the British foreign office said: "It is unfortunate that the committee has such an erroneous impression. I cannot imagine upon what supposed facts they base their report. It seems improbable that the senators would issue official statements on no other basis than rumors and suspicions. As a matter of fact, nothing is further from Great Britain's intentions than to interfere in any way with the existing regime in Hawaii. No steps in that direction were ever contemplated. On the contrary, her majesty's government has recognized that the United States has the foremost interests in Hawaii, and that it is natural and inevitable that Hawaii should be under American influence."

### Hon. A. A. Barker Dropped Dead.

ALTOONA, Pa., March 19.—Hon. A. A. Barker of Ebensburg has dropped dead on the street in this city. He was the father of Judge A. V. Barker and Harry Barker of Ebensburg and was a member of congress from 1865-67. In 1886 he was the Prohibition candidate for lieutenant governor.

### President Planted a Tree.

WASHINGTON, March 19.—President McKinley yesterday planted an oak tree in the White House grounds, re-establishing a custom begun a good many years ago, but broken by President Cleveland.

### Against Sunday Newspapers.

OTTAWA, March 19.—The bill prohibiting the distribution of a sale in Canada of newspapers issued, or purporting to be issued, on Sunday passed second reading in the dominion house of commons.

# FIRE! FIRE! FIRE!

Not a Fire Sale, But Better to You In Every Particular.

THERE are agents from the outside world canvassing the sale of Wall Paper. The residents of East Liverpool desire, all things being equal, to patronize home and home industries. Knowing this to be a fact, I have resolved to hold out unheard of advantages and will cut the price of Wall Paper squarely in two, and give my customers the commissions which go to agents, and a discount beside. Here are my prices, with wall and ceilings to match:

5c	Wall Paper	Reduced to	1c
10c	"	"	5c
15c	"	"	8c
20c	"	"	10c
25c	"	"	15c
40c	"	"	20c

All our paper will be hung by us if the purchaser so desires, and all work will be guaranteed. A big cut made in Floor Oil Cloths, Linoleums, Table Oil Cloths and Window Shades. Don't miss these wonderful Bargains. Call at once at

## ALL THE NEWS

In the NEWS REVIEW

TO THE ADVERTISERS.  
The Evening News Review has the largest bona fide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.  
**HARRY PALMER,**  
Owner and Manager.

TO BUSINESS MEN.  
The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

LOCAL BREVITIES.  
Read the News Review election bulletins this evening. Always the earliest. Always reliable.  
Mrs. B. R. Harker will entertain next Tuesday evening.  
Born to Mr. and Mrs. Sarbin, of Third street, a daughter.  
The Rechabites will hold a social in their rooms this evening.  
This is big pay today. A large amount of money will be distributed.  
Miss Minter, of Arcadia, is the guest of her sister, Mrs. C. T. Hard, of Third street.  
The street force are this afternoon gathering up the paper in the paved streets.  
The Builders' exchange held an interesting meeting in their rooms in Sixth street last night.  
J. F. Hickman, superintendent of the Ohio experimental station at Wooster, was in the city today on business.  
The household effects of C. A. Chute were sent from the depot to Harvey, Ill., yesterday. The place is a suburb of Chicago.  
Hugh Maley, of Avondale street, who was injured at the passenger station some months ago, was out today for the first time.  
J. E. Goddard and family will leave Tuesday for their new home in Cleveland where Mr. Goddard will assume charge of a stock farm.  
A box social was held last evening at the home of Miss Alma Marshall in Chester for the benefit of the chapel. A snug sum was netted.  
Business at the office of the township trustees is slowly decreasing, the warm weather causing a considerable falling off in their coal bills.  
This morning 30 large cans of powder were reshipped from the lower freight depot to Empire. They were loaded in the wrong car at Pittsburg.  
This morning at 8 o'clock 32 cars of coke passed through the city going west. This is the largest amount of coke that has gone through for many weeks.  
The funeral of Miss Minnie Foster took place this afternoon from her late home in Pennsylvania avenue. Interment was made at Riverview.  
Chief Johnson returned home from Lisbon yesterday afternoon. He delivered William Bradley, who is being held for court, to the county jail.  
The case of David Allison against Wallace & Chetwynd for \$44.88, claimed due for goods sold and delivered, is being heard this afternoon by Squire Rose.  
Dick Albright and family, of East Palestine, are in the city visiting friends. Mr. Albright is preparing to carry on a vigorous canvass for the nomination for sheriff.  
The dog poisoner has made his appearance in the city again, and a number of poor animals have swallowed the deadly button. The deaths last recorded occurred in West End.  
The other day a resident of the city died, and before the announcement had been made public an hour a number of persons were endeavoring to rent the house where he had resided.  
There is little improvement in the condition of C. T. Hard, who was injured Tuesday night. The attending physician stated he would be compelled to stay in bed three months.  
Rev. W. H. Gladden, formerly pastor of the Methodist Protestant church, yesterday delivered the response at the Christian Endeavor convention of the Pittsburg convention held in New Brighton.  
A case of fever in East End was this morning reported to the township trustees to have them care for the patient. It was also requested that they furnish a nurse, but it will not be done unless the case is a serious one and the patient does not have the proper care.

TRADE STILL GROWS.  
Neither Peace Nor War Reports Effect It.  
A BIG EXPORT OF PRODUCTS.  
Bessemer Pig and Grey Forge Slightly Stronger at Pittsburg—Carnegie Company Sells Deck Plates to English Shipbuilders—Wheat Advanced.

NEW YORK, March 19.—R. G. Dun & Co.'s Weekly Review of Trade, issued today says: Neither peace nor war reports have changed the onward current of business. Orders for more than \$25,500,000 gold from Europe have blocked any drift toward stringency in rates for money, and treasury receipts of about \$1,100,000 per day have kept in check any question about the currency, while exports of products have continued at a rate considerably increased, and the demand for products of the great industries shows steady expansion. Prompt action by the senate and house has removed all fear of embarrassment through conflicting purposes at Washington.  
The backbone of the situation is the excess of merchandise exports, more than \$41,000,000 in February, with an increase of \$2,200,000 in miscellaneous products, \$2,100,000 in provisions, \$4,500,000 in cotton and \$7,000,000 compared with last year and \$15,000,000 in all products. In two weeks of March exports have been 16 per cent larger than last year, and imports have gained but 8.7 per cent, although especially swelled by receipts of India rubber, sugar and hides.  
Wheat also moves in spite of all speculation. Atlantic exports, flour included, have been 1,824,569 bushels, against 1,253,390 last year, and from Pacific ports, 1,371,826 bushels, against 268,505 last year, making for three weeks, from both coasts, 10,659,125 bushels, against 4,538,441 last year. The price closed one-fourth cent higher for the week. Wool shows no change in quotations, though eastern markets are extremely dull and the indifference of manufacturers has made transactions only 2,062,300 pounds, against 10,891,000 for corresponding week last year, and 5,088,200 for the corresponding week in 1892.
